District Court Hears 4 Cases

A Milam County farmer who went beserk and wounded Milam County Sheriff Carl Black in a gun battle last August 27 was found to be insane and ordered committed to Rusk State Hospital Monday in District Court.

In other court action District Judge W. C. Wallace handed down two 2-year probated sentences in connection with charges against second offenders of Driving While Intoxicated.

And Thelma Pittman entered a plea of "not guilty" during her arraignment before Judge Wallace. She is under indictment for murder in connection with the shooting death of her husband, John Pittman, September 7.

Alton Schiller, an area farmer from the Vogelsang Community, was found to be insane according to a jury verdict rendered in his pre-trial sanity hearing in connection with the indictment for assault with intent to murder.

He was found to be insane at the time of the offense and at the time of the sanity hearing.

The Schiller incident occured August 27, a Tuesday afternoon in the Vogelsang Community, several miles north of Cameron.

Schiller went beserk and wounded his father Ed Schiller and then resisted arrest from Sheriff Carl Black and shot Black once in the hand. It took State Highway Patrolman and Texas Rangers three hours to flush him out of his farm house home.

Both Black's wound and Ed Schiller's were superficial.

Probated sentences were given to Eufanio Luna and Murrell Robert Hyde who both pleaded guilty to charges of DWI. Both are second offenders. State Highway Patrolman Gilbert Smith was investigating officer in both cases.

Charles C. Smith Jr., Cameron attorney, will represent Thelma Pittman at her murder trial. No trial date has been set.

Mrs. Pittman is charged by County Attorney John Henderson Jr. with shooting to death her husband, John Pittman, last September 7 at their jointly-owned Wagon Wheel Inn, an all night Negro restaurant.

Mrs. Pittman's statement at the scene said the shooting was accidental and was actually shooting at two other men who were causing a disturbance.

Henderson said there is a clear intent to murder in the case and the accidental shooting was merely a transfer of intent.

BAND SWEETHEART — Yoe High School principal Jack Hughes presents a bouquet of flowers to band sweetheart for 1963 to Miss Ruth Ann Graham, a Yoe High student last Friday night.

By FML

Cameron welcomes a second agriculture-based industry to its fold in little more than a year with announcement that Eastern Seed Co. is beginning construction of dry processing fertilizer plant here.

It joins the Elm Creek dairy as the second recent new investment in Cameron's location, Cen - Tex climate and other advantages.

These developments are a sign of further development here; as surely they will as more industry and agriculture see the advantages of this locale.

One factor in the fertilizer plant's location was Cameron's location in relation to the rest of the Central Texas area. Another, of course, is the mushrooming use of fertilizer in the Blacklands.

104 - 104 - 104

This location factor looms larger as the cities of North and South Texas bulge to their metropolitan limits. With a growing market to serve, either in agriculture or industry, Cameron's central location of about three driving hours to all four major cities becomes vital to distribution. Not just one metropolitan area, but four can be served from Cameron and vicinity.

At least agriculturally-based industries have seen value in this idea. How many more are to come?

NURSING HOME OPEN SUNDAY FOR VISITORS

An informal open house will officially open a new addition to the Cameron Nursing Home Sunday, September 29, from 1 to 5 p.m.

The additional wing will bring the total patient capacity to 41. The first wing, opened in February of 1962, held 20 patients. This wing accommodates 21.

Owners are Mr. and Mrs. Will Iam Watkins, Willis Kuhn, and O. A. Folschinsky.

The new features of the additional structure, which faces north on East 12th Street, includes 16 rooms, 2 large baths, a combined kitchen, and a business office.

All of the patient's rooms are of large diminsions and there is also a laundry room and storage area. A patio and living room are also in the new structure. The living room is 20 ft. by 15 ft.

The structure will have year-round central heating and air conditioning. Hallways in both the old and new structures have vinyl covering and the new wing has an enlarged medical room.

Cameron Wrecks Damage 2 Cars

Two city collisions last week resulted in extensive automobile damage but no personal injuries, according to City Police Department officials.

An accident Sunday at 12:12 p.m. resulted in the issuing of two traffic violations by Patrolman Clint Dodd; one for failure to yield right of way and another for leaving the scene of the accident.

Both were issued to Mask Baca. She was driving a 1952 Chevrolet owned by a passenger, Milton Crawford.

According to Officer Dodd the Crawford automobile was traveling along Houston Street and struck a 1954 Chevrolet driven by Adan Savceda Leal of Elsa Texas, at the Houston Street and Highway 36 intersection.

After the collision occurred the Baca woman fled from the scene. A witness to the accident gave police the car license plate number and description.

Other passangers in the Chevrolet were Leonel Garcia and E. S. Gernol, all of Elsa.

Dodd estimated vehicle damage at about $100 to the Chevrolet and

In another city accident that occurred last week, two cars collided at the intersection of Travis Avenue and West 3rd St.

Arthur Kelly, driving a 1951 Chevrolet sedan, was traveling south on Travis and attempted to make a left turn on West 3rd St. At the same time, a trailor truck, driven by Marvin Ethridge tried to make the same turn and the truck struck the Kelly automobile on the right side.

The accident happened at 7:45 p.m. Thursday. Patrolman Bill Richter investigated and estimated damage to the Kelly vehicle at $150 and about $100 damage to the 1960 model truck driven by Ethridge.

George Johnson Dies Suddenly Of Heart Attack

Funeral services were held last week for George D. Johnson, 45, who died at his home in Cameron of a heart attack, September 20.

Johnson was born in Franklin Texas July 25, 1918. He had been employed by the Cameron Post Office as a mail carrier for the past six years.

Johnson was a retired chief Machinist in the U. S. Navy and had also been employed by the City Police Department. He was a member of the Baptist Church.

Funeral services were conducted with Rev. C. A. West officiating. Burial was in Oak Hill Cemetery.

Survivors include his wife, Mrs. Joyce Johnson of Cameron; a son, Mervyn Johnson, and a daughter, Betty Johnson, both of Cameron. His father, J. W. Johnson of Houston and two sisters, Mrs. Ella Mae Donaldson of Houston and Mrs. Mary Dickerson of San Antonio.

Pallbearers were Alfred Dusek, Billy Peck, Barney McLerran, Henry Litzman, I. N. Hughes, and Willie Moran.

Traveling Trojans

Yoemen Hosting West

Cameron's fighting Yoemen play host to the West Trojans tomorrow at Yoe High Stadium in search of their second 1963 gridiron victory.

Last week the Yoemen bucked the highly-touted Taylor Ducks in a combination of fast working offensive and hard-hitting defensive moves.

Yoeman Coach George Kirk said the Friday night tilt should be one of equal action.

"The West squad has a potentially good passing combination," says Coach Ray Bennett who scouted them last week. West has lost to Midway and Reicher High of Waco.

But last week they blasted unsuspecting Itasca out of the saddle, 20-0. Quarterback Tommy Gerick led the attack with fancy ball handling and a 45 yard touchdown run for the first goal line venture.

Gerick tips the scales at a stout 160 pounds. "starting quarterback duties could be shifted to Joe Svreck, 140 pounder, at the last minute," Bennett added.

The Trojan backfield will average a rounded 160 pounds and the line, 175 pounds. Overall West average weight via the starting lineup is 167 pounds.

Camerons starting lineup will vary a little according to Kirk.

"George Bowman will start at a tackle slot. He also started last week but we didn't know that he would until the last minute. And Donald Manley, who played a great ball game as a freshman last week, will probably get the nod at a halfback slot."

Kirk said that McKinney would be the man under again this week. "The improvement that boy has made during the past two weeks is really something," he added.

Mike McDaniel, labeled "Bull" by fans and players alike, will start at the fullback position and be flanked at the other halfback slot by Larry Plentl.

Barbecue Oct. 8 To Honor District Highway Builders

A fellowship barbecue will be held 7 p.m. October 8 at City Park for District Engineer C. B. Thames and staff members of the Texas Highway Dept.

The Good Roads committee of the Cameron Chamber of Commerce has extended an invitation to all Cameron citizens and businessmen to attend the banquet and show appreciation for the highway improvements in Milam County.

Judge Don G. Humble, chairman of the committee, said that members of the Cameron City Council and County Commissioners Court also will be recognized for their work in street and highway improvements.

Tickets will be available from members of the Highway and Good Roads committee, Judge Humble said.

Area Patrolman Is Transferred

Gilbert Smith, a Milam County Highway Patrolman since May of 1960, is being transferred to Commerce, an East Texas town of about 6,000 population, effective October 1.

Smith came to Cameron following graduation from the Texas Department of Public Safety's Highway Patrol School in Austin.

He requested a transfer to Commerce so his wife might attend classes at East Texas State College.

"Commerce is a small town, much like Cameron," he told the Herald, "and the move will give my wife an opportunity to go to school and at the same time, we won't have to live in a big city."

Smith went on to commend the Milam County people for the courtesy they have paid him during the past three years.

"I guess the irregular hours are about the hardest thing to cope with in a job like this, but unless people of a community are willing to back their law officials, like the people of Cameron are, my job could be real tough."

Smith is typical of the kind of young men the State Highway Patrol wants in their organization.

A native of Gainesville, Texas, he worked his way through Gainsville Jr. College by working a night shift in area oil fields.

"The jump from oil field roughnecking to law enforcement was rough" Smith said, "but at least I was used to working unusual hours."

"I really didn't know what I wanted as a career until about four years ago," he added, "right after I turned 21."

"I realized I wanted to make a career out of law enforcement work and wanted to be a member of the best. And in my opinion, that is the Texas Highway Patrol."

A stocky five-foot, eleven-inch, 175 pounder, Smith takes pride in his work--"There's a lot of jobs that pay more, but not many where the competition is as tough. Promotions are based on oral and written tests and usually there are about 600 competing for a promotion position."

"I think that the Patrol gets their conscientious people in those who take extra pride in their work and enjoy helping people. Of course, sometimes this is done in a negative manner, but not always."

Smith said the State Safety Dept. is undergoing a vast increase in size to accomodate the state's growing population and more officers are needed every day.

Gilbert is the father of two children, Stacy Van, 4, and Paige Dione, 3.

No replacement has been named for Smith and probably will not be for several months, thus leaving Durwood Kennedy as the county's lone state patrolman.

GILBERT SMITH

Republican Leader Scheduled For Stop

George Bush, candidate for Republican senatorial nomination from Houston will be in Cameron about 1:30 p.m. Friday to visit with GOP leaders in Milam County.

He will have lunch with Milam GOP leaders at the Texan and coffee later at the Ponderosa.

He will fly in and out of Cameron.

He recently announced his candidacy for the Republican nomination for U. S. Senate from Texas.

Fritz Glaser, 76, Rites Held In Buckholts Church

Route 2, passed away September 22 at St. Edwards Hospital at 9:05 p.m. Burial was Tuesday at 2 p.m. with services at the Hope Lutheran Church at Buckholts. Interment was at the Hope Lutheran Cemetery, the Rev. John A. Pietch, minister.

Survivors are his wife, Mrs. Annie Glaser, Buckholts; sons, Willie of Rogers, Arnold of Buckholts, Johnny of Houston and Joe of Buckholts; daughters, Mrs. Emma Jungmann of Buckholts, Mrs. Josephine Willie of Houston, Mrs. Frances Dillon of Buckholts. Brothers are Otto Glaser of Cameron, August of Tempie, Albert of Cameron, Herman of Buckholts, Willie of Cameron, Theo of Mart, Robert of Cameron and Lee of Cameron. Also survived by 13 grandchildren and 8 great grandchildren.

Pallbearers were grandsons, Fred Will Hornung, James L. Glaser, Eugene Glaser, Donald R. Glaser, Stanley J. Glaser and Lorman Gresak.

Marek - Burns Funeral Home was in charge of arrangements.

CAMERON PTA SETS THEME For 1963 - 64

Cameron's theme for the 1963-64 Parent Teacher's Association is "We, the P.T.A., seek to Understand the Family Story."

Throughout the year the local P.T.A. will have various programs and guest speakers on the importance of the role the entire family plays in a student's scholastic development.

On October 3, Dr.E. L. Boyd of Hearne will address the group on "The Family, A Firm Home Base." And on December 5, Mr. Johnny Broyles, instructor of the Dale Carnegie classes, will lead a student panel discussion on the subject, "The Family, Does Our Love Show."

On March 6, Rev. Dave Johnson, Professor of Religion at Baylor University, will lead a panel on, "The Family, Cradle of Spiritual Strength." Also presenting programs throughout the year will be Mrs. Frank Luecke, Mr. Richard Williams, and other members of the community.

Mrs. Monroe Fuchs, membership chairman, said, "Only by proper preparation of our youth today can we hope for a better world tomorrow. We strive through more effective communication between the schools and the community, the teachers and the parents, and through active programs of community education and improvement to awaken the complacent to the needs of our children. This is why we need you to become a member of the Cameron PTA."

CAMERON PLANT WILL PROCESS FERTILIZERS

Grading and other sitework are underway today for a Cameron fertilizer processing plant and grain loading facility along the Santa Fe Railroad next to the Batte-Hickman Scales.

Gene Nash, of Harlingen, construction superintendent at the Eastern Seed Co. building site, told The Herald the automated bulk processing plant will be housed in a 50 by 132 foot frame and metal building.

Construction is to begin September 30 and target date for completion is November 1, Nash said.

"It is the first of this type of fertilizer plant in Central Texas, the area we hope to serve," Nash said. The plant will be highly automated for processing dry, pelletized fertilizer.

EMPLOY UP TO 10 .....

"The plant itself will employ only a few men since it is almost completely automated," Nash said but employment may reach 10 when a sales force is counted. The new process," he added, "makes it difficult at this time to know the exact number to be employed."

The new structure will be located on a lot approximately 250 by 130 feet in size. The grain facility will be along side the rail spur and will also load and unload the materials for the fertilizer plant. The material will be available in bulk or by the bag.

Lawrence Rosenbach, new manager of the newly opened Eastern Seed Co. seed cleaning operation on E. First St., and a native of Schulenburg, will manage the new plant, Nash said.

Nash has been in Cameron several times in the last few weeks working out leasing and pre - construction plans. He works for Eastern Seed Co., of Corpus Christi, owned by the Harry Clark family, of that city.

6,600 SQUARE FEET .....

The 6,600 square foot building will house machinery that will process the fertilizer. It will stand 20 feet high. Along the north side will be office and control rooms. The main building will be storage and mixing facilities for the bulk fertilizer.

Plans also shows grain loading and elevator facilities along the spur track of the Santa Fe line. Materials for the fertilizer process plant will be handled through the grain loading equipment.

The site was leased from Santa Fe Railroad, Nash said. General locality was once the site of a Batte Cotton gin, which was closed down and moved in recent years.

Clearance work near the site also has been completed by Joe Hickman of Cameron, owner of adjacent property.

East Texas Chamber Appoints 2 Milam Men For Committee

Two Milam Countians have been appointed to one-year terms as East Texas Chamber of Commerce Community Chairmen.

They are Charlie Burke, District Manager for Lone Star Gas Co. in Cameron, and J. D. Peeples Jr. of Milano. Both will be official representatives for the regional chamber in Cameron and Milano.

East Texas Chamber of Commerce President, J. Clyde Tomlinson, said that both men will be in a position to offer the services of the regional organization to the local community, and will, from time to time, assist in keeping the general public informed as to the East Texas Chamber of Commerce "Plan of Action" for the area.

The East Texas Chamber this year is celebrating 37 years of service to its 72 county region. The organization has had a far-reaching impact upon the economy of the area through such hard hitting programs as water conservation, agriculture, industrial development, forestry, highways, education, governmental affairs, labor relations, and community development.

Of Lasting Interest

A Young 75 Years Old

When most people reach the age of 75 they are retired, but Tommy Story, a Cameron resident since 1889, has no plans of quitting work for quite some time.

Tommy received his 20 year pin of service from Cameron's Coca Cola Bottling Company last summer and is still going strong.

Most of his duties at the Coke plant rest with working in the Family Size Bottler and general trouble shooter.

"I still put in a full day's work with these young ones," says Tommy.

Tommy was a road-grader operator for many years in the surrounding area. At one time he was working with a crew of twelve men during the depression and not one of them could afford a new pair of over-alls.

"Those were tough years," he remarks, "but somehow we all made it through them. The work was hard and the money little."

"I've helped carry a lot of men out of the gravel pit who collasped from over - exhaustion once there was a fellow on the job who was shooting dice; I told him he'd better get right with the Lord, but he didn't pay any attention and it wasn't long tell he dropped dead in his tracts, just minutes after he'd laid a tub full of money down he'd won gambling."

Tommy takes his religion seriously. He is an avid reader of the bible and often quotes scriptures too as words of advise..

When Tommy was picking cotton as a youngster in West Texas he once had a cottin-picking race with a friend.

"He said nobody could pick as much cotton as him, but we got at it, and you know what, I picked over 750 pounds that day and beat him."

Tommy doesn't think he'll ever retire - he tried it once "I just couldn't get used to not working," he said, "why all I've ever done all my life is work. I couldn't stop now if I wanted to."

"Besides that Mr. Fred Blake, (Coca Cola Plant owner) is one of the finest men I've ever known. I couldn't quite a fellow like that - why he might need me for something."

Tommy has a sideline of finding water wells and he's had some success in the Milam area. "I missed one the other day," he said, "because I was just careless. But usually my system of finding wells is pretty good."

Tommy doesn't drink anything but water and milk.

"And I never smoke anything or keep irregular hours," he added, "I don't guess there's a real secret to staying active, but just not giving in."

Fund Raising Drive Is Fairing Well In Quest For $2,000

A non-official count of about $700 has been collected thus far toward a $2,000 tentative goal set up by Cameron's Salvation Army fund raising drive.

Officials of the drive said that only about one-third of the drive workers have turned in their collected funds.

County Judge Don Humble, head of the special gifts division for the drive, said that the $700 is a very incomplete number and that all funds already collected have not been tabulated.

"Although that number is a long way from $2,000." he said, "we are very pleased with the results the drive is meeting with, and feel that by the end of the week we will have reached our goal."

Herald Editorial Page

Looking For Youth?...

Looking for youth?

Look around you in the Cameron and Milam County area.

Cameron has more young people in positions of responsibility than in many, many years. Things are on the move in Cameron.

Check the list: Young doctors, lawyers, businessmen, executives, bankers, business women, ministers, public officials, farmers and ranchers, school administrators among the many.

This is a generation of progressive thinkers, hardworking doers who want their county seat and their county to do well... to prosper and grow. Why else would they be here?

These are the future of Cameron and Milam County. These are the steel line uniting a proud Milam past, a hopeful present and a vital future.

Big things are in store for Cameron Milam County and the Central Texas area as these younger people continue to further their personal responsibilities and strengthen them with civic and cultural experience.

These are the people who want to do things, not just for their present, but for many a youngster's future ... so much of which depends on co-operation.

Yes, look around. You will find responsible young leaders and workers in Cameron and throughout Milam County.

Empetus Of Excellence Upon Us...

An official of the Manned Spacecraft Center in Houston made it clear this week that facility's development will change more than the economic course of Gulf Coast Texas.

We refer to the remarks attributed to Norman F. Smith, assistant to the chief of the Spacecraft Technology Division at NASA in Houston. They came before a convention of Texas Association of School Board and School Administrators, Austin.

He pointed out the lack of adequate scientific information in junior high school science books used in the Houston school district. He also struck at the overemphasis on athletics and other extra-curricular activities in public schools.

His qualifications to speak center upon past service as president of the Virginia Congress of Parents and Teachers and Virginia Association for Retarded Children.

NASA has only been in Houston about two years, this only the vanguard of a major buitlding project in the Clear Lake area.

With these highly skilled people will come interest in the greater development of Texas schools. That interest will be increasingly felt in the Milam area as the migration of Houston-based people goes further northwestward from the metro-congestion.

Educators now are changing their sights in public education. Their goal the first half century was to get kids in school. Now that classrooms are filled, the present problem will be to increase the quality of their learning. It is in line with Mr. Smith's remarks.

The empetus of excellence is on us.

Loan Shark Law Has Stiff Rate

By Vern Sanford
Texas Press Association

Austin, Texas — Finance companies which hope to operate in the State under the new Texas Regulatory Loan Act must be licensed by November 21.

The so - called "Loan-Shark" law, passed by the 58th Legislature, allows a much higher rate of interest for lenders. But it saddles them with stiff licensing requirements.

Regulatory Loan Commissioner Frank Miskell perdicted that 2,000 loan offices would come under the act. Already he has received more than 2,000 letters of intention to file application for a license. And letters still are flowing in at the rate of 30 or more a day.

One reason for the big response is that many automobile financing companies want to up their interest rates, too. Question of whether they are eligible to operate under the act has not been settled. But they are signing up just in case.

NURSING HOME INVESTIGATION — House General Investigating Committee will explore possible scandals in nursing home construction according to its chairman, Rep. Bob Fairchild of Center.

Investigation was requested by Speaker Byron Tunnell after a series of stories on sub - standard nursing homes for old people appeared in the Fort Worth Star -Telegram.

A separate check by the State Department of Public Safety has been ordered by Gov. John Connally.

Att. Gen. Waggoner Carr also has promised support.

TEC ATTORNEY QUITS — C. W. Turlington, long - time Marshall attorney resigned as general counsel of the Texas Employment Commission.

Turlington complained that he was not consulted by commissioners before they hired a new attorney for his staff.

"In order to render the best possible service to the State it is necessary for the general counsel to have a voice in the selection of his staff, regardless of the prospective employee's race or color of his skin," said Turlington.

Hamah King of Houston, the new attorney is scheduled to start work in October. King, a Negro, is a former vice president of United Political Organizations.

Turlington who has served five years on the commission, says he has no immediate plans for the future.

RAINMAKING AGENCY PROPOSED — Land Commissioner Jerry Saddler thinks the State should have an official rainmaking agency. He says he has discussed the subject with the Governor and hopes to soon have a "concrete proposal to offer."

zThe Land Commissioner feels that his success with several cloud-seeding experiments warrants serious consideration of a rainmaking agency.

DROUGHT POSING PROBLEMS — Texas, with 53 reservoirs completed since 1950 and 12 more under construction, needs a stronger water development program says Gevernor Connally.

He proposes that the State harness surplus flood water for the protection of persons and property in areas which have too much water, then transport it to areas which have too little.

"We have the water resources to meet future demands. But only if they are properly developed, conserved and managed," the Governor stated.

According to the Texas Water Commission, reservoirs in the state stand at 65 per cent of capacity. That's nine per cent less than last year at this time. As of the end of August before Hurricane Cindy) streamflow was deficient for the entire state.

OPPOSES POLL TAX REPEAL — Rep. George Hinson of Mineola has come out swinging against repeal of the poll tax. Furthermore, he has volunteered to join any statewide organization which might develop to retain it.

Hinson said his district -- Wood, Upshur and Camp Counties -- is two-to-one against repeal. He charged that voter resigstration laws are not strong enough at this time to justify dumping the poll tax.

Republicans, fearful that repeal might help the voter registration drive of the Democrats, dodge the issue at their recent meeting and left the decision "up to the individual voter."

FORM VOTER EDUCATION GROUP — A new statewide political organization, stressing the need for voter education in the interest of land and mineral owners, has been formed here.

The name: Texas Land and Mineral Owners Political Education Committee.

John J. Shaw of Lovelady is temporary charman. C. Y. Jacobs of Yoakum is co-chairman.

Group will pinpoint issues concerning members, study voting records and size up decisions of legislators and judicial office holders.

LAW ENFORCERS MEET — District and county attorneys, sheriffs, judges and other law enforcement officers from over the state are meeting in Austin this week.

Occasion is the 12th annual attorney general's law enforcement conference. Attorney General Carr is in charge.

COLNTY PAY RAISE VOIDED A pay raise for county officials in Crane County was declared unconstitutional by the attorney general.

The salary hike bill, sponsored by Rep. Gene Hendryx of Alpine and Sen. Dorsey Hardman of San Angelo, is what is called a "population bracket" bill. It applies only to counties having between 4,600 and 4,750 persons and a minimum tax valuation of $45,000,000.

Carr said this means Crane County only.

State constitution bans bills regulating the affairs of a single county, city, town, ward or school district.

Attorney's Job Requires Work

Perhaps you have been in a courtroom and heard your attorney argue forceably to the court that such and such a case clearly governs the case at hand. But did you ever wonder about the intricate processes that have been directed toward finding that case which is often referred to as "controlling precedent."

The lawyer's training received in law school enables him to recognize and analyze problems. In most law schools he will have studied what is known as the "case method." In the standard three - year course usually following his graduation from a four-year general college education, the law student will read hundreds and sometimes thousands of cases especially selected to illustrate the various phases of the law.

The case method of study enables the lawyer to recognize and classify problems created by the relationship of real persons to each other. It also emphasizes that the outcome of each case depends upon the application of principles of law to its own peculiar facts.

When a client seeks legal advice from his lawyer, the lawyer's mind immediately classifies the problem. Sometimes the problem is such that he may be able to give an immediate specific answer. However, more often the problem will have ramifications that will cause resort, as the lawyer says, to "the books". This means that research is in order.

It may take hours, and in many instances, days, of research to unravel a knotty legal problem. The process is involved. Cases must be found, analyzed, compared, and checked to determine whether they have been overruled by later decisions, before counsel can stand before the court and say, "Your Honor, we believe that our case is controlled by the case of such and such.

OLD PHILOSOPHER

Old Philosopher Claims Farm Problems About Like Cuba --- Nobody Knows What To Do About It

Editor's note: The Old Philosopher on his Johnson Grass farm is back on the farm problem again this week, his letter indicates.

Dear editar:

I haven't been invited to attend one, but I understand the Secretary of Agriculture is holding a series of meetings around the nation to sound out us farmers on our ideas of what kind of farm program we ought to have.

Secretary Freeman says he wants to "listen to what farmers are saying and thinking and to find out what sort of farm legislation they want." He's scheduled 13 meetings in all sections of the country, and will talk with thousands of farmers.

I'm not sure this is going to be a very fruitful trip. What I mean is, the fewer farmers you talk to, the less confusion you have over what they want.

If us farmers knew what kind of farm program we want, we'd have said so long ago.

I'm like the farm program like I am about Cuba. I think something ought to be done about it, but don't ask me what. Me and a lot of Congressmen stand shoulder to shoulder on this proposition.

The farm program is like high government spending. Everybody is in favor of cutting costs while he's running, but when he gets elected and gets the facts he changes his mind fast. There hasn't been a President in the last 20 years, Democratic or Republican, who hasn't asked Congress to raise the debt ceiling.

If Secretary Freeman stops by this Johnson grass farm, I can tell him straight out the kind of farm program I want is one that guarantees me high prices, low costs, and 100 per cent freedom. If he asks me how we can write a bill that'll do this, I'll have to leave at once to plow, whether my tractor will start or not.

As I've said before, the last thing us farmers want is a farm program written by farmers. It won't work, and if you're going to have a farm program that won't work it's a lot more comfortable to have one thought up by somebody else.

The Secretary of Agriculture's job is to think up a farm program. The farmer's job is to tear it apart.

Yours faithfully,
J. A.

INTRODUCING THE DEPENDABLES FOR '64

Oh boy! A low-price car that doesn't feel like one... or look like one

Now that the '64 Dodge is here, the low-price field will never be the same. Take that hardtop, shown above. You won't believe how little it costs till you read the price sticker on the window. But don't stop there. Get in and experience the way this Dodge feels. The way it comforts you. The way it smooths out any road. The way it performs. You'll see in one drive: Dodge doesn't look or feel low-priced. Yet, it is priced right with Chevrolet. And something else: Dodge gives you a 5-year/50,000-mile warranty*!

*"THE DEPENDABLES' 5-YEAR/50,000-MILE WARRANTY—Chrysler Corporation warrants, for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1964 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

4-H ClubNotes

Penny Graves, member of the Sharp Community 4-H Club, was county winner with her Record Book in Senior Achievement this year and placed second in District competition.

Penny has been in 4-H for six years and there are few in the state that can equal her accomplishments in any area of 4-H Club work.

Some of her accomplishments are: County winner in Junior Achievement and First place in District, 1960; county medal in Leadership, 1961; Gold Star Award and county medal in Agriculture, 1962. POULTRY - Blue ribbons in 1958, 1959, 1960; Red ribbon, 1961. DAIRY -Blue ribbons 1959, 1960, Reserve Champion, 1960. beef - Blue ribbons 1961, 1962 with Reserve Champion at both the County and Rockdale Livestock Shows. SWINE-6th place at County Sears Swine Show and 6th place in Heavy Litter contest, 1960. SHEEP - Red ribbon 1961, Blue ribbon 1962. CLOTHING - White ribbon 1958, county winner in Junior Division Dress Revue, 4th place and Blue ribbon in District 1959, Blue ribbon 1960.

LEADERSHIP

Im her local club she has served as Council Delegate, President (twice), and Recreation Leader. Served as Reporter and Parliamentarian of the Junior Dairy Club. Served as Reporter and Girls Vice Chairman of County 4-H Council.

One reason for Penny's success in 4-H is pointed out by an adult leader, "She is the type of 4-H Club member who is always doing fine community deeds that are above and beyond those required of a 4-H Club member. She is zealous in her duties, Miss Graves exhibits respect toward her adult advisors and co-workers."

Penny is the daughter of Mr. and Mrs. Rufus Graves of the Sharp Community.

Buckholts Future Homemakers Pick Year's Officers

The Buckholts chapter of Future Homemakers of America met recently to install the 1963-64 officers.

In an installation ceremony, Barbara Smith was installed as President. Assisting Miss Smith are Kathy Wallace, secretary; Rita Baggett, treasurer; Mary Jean Massengill, historian; Lina Able parliamentarian; and Caroly Von Gonten, reporter. Patricia Zavrel is song leader and Mary Ruzicka is the pianist. The FHA sponsor is Mrs. Kathryn Janicek.

The new members who were installed were Norma Barkemeyer Doris Mendoza, Linda Sevcik, Kathryn Mitcham, Patricia aKmenicky and Margaret Massingill.

Clark Will Attend Austin Ag Meeting

Harry W. Clark of San Gabriel FCIC Supervisor for the Federal Crop Insurance Corporation, an agency of the U. S. Dept. of Agriculture, will attend a training meeting for several days starting September 30 at Austin.

FCIC, adding 100 counties a year to keep pace with rising costs of farming and the increased risks to farmers, now protects the production-costs of crops for nearly a half-million U. S. farmers. In Texas 12,000 farmers carry $30 million protection in the 25-year-old program.

Library Club Holds Election Meeting

The Milano High School Library Club held their first meeting and elected new officers for the year.

The officers are: president Edna Heinz; vice-president Linda Bankston; secretary Linda Wise; treasurer, Brenda Hux; and reporter Phyllis Hartley.

The club sponsor is Mrs. Jessie Bankston.

SWINE MANAGEMENT

A good swine management program should include a bear lot of about one-fourth acre in size, with shade, water and a feeding area.

Insurance Plan Reception Good

Charles M. Barry, Administrator for the Texas 65 Health Insurance Association, reports growing enthusiasm in the state toward the over-65 health insurance plan.

Texas 65 will offer two health insurance plans to all Texans 65 years of age and over with no medical questions asked and no physical examination required.

The first enrollment period for the program will be October 1-31.

Legislation authorizing Texas 65 was passed by the 58th Texas Legislature.

The Plan has the endorsement of Governor John Connally.

Insurance agents' training meetings are being conducted throughout the state currently to familiarize the men and women who will be offering the Plan for sale with its details

Barry states thatt attendance at these meetings has surpassed all expectations.

"Indications are that the Texas insurance agents are vitally interested in helping make Texas 65 a great success. They see a tremendous opportunity of public service to their state through the Plan," he stated.

Information packets on the Plan have been mailed to 55,000 insurance agents licensed to sell health insurance in the state.

Explanatory letters and information regarding Texas 65 will be mailed by Barry to 228,000 Texas 65 years of age and over; 585,000 persons in the 40 to 55 age group and to 36,000 civic and professional leaders in the state.

"Nothing is being left undone," Barry states, "to acquaint everyone with Texas 65. We are receiving excellent coverage in the press and on radio and television and during October we plan to step up our educational program considerably."

Milam ASCS Report

One part of the law governing the current wheat program is apparently not clear to many of this area's wheat producers.

This is caused by provisions of the law which apply in years when marketing quotas are not in effect, such as will be the case for the 1964 crop. This part of the law says that the allotment for the farm in future years will be cut back if the allotment is overplanted, as might be possible in 1964.This has been in the law since 1958.

Milam County ASCS officials explained that if quotas were in effect, then a farmer exceeding his store the excess, or deliver it to the Secretary of Agriculture. When this is done, the wheat acreage history for that year is not affected. But--when quotas are not in effect, no farm marketing excess can be determined for any farm, and the farm would be credited with only the farm wheat allotment as history for future allotments.

A farmer overplanting his allotment in 1964 would affect the 1966 and future wheat allotments. It overplanting his 1964 allotment would not affect his 1965 allotment. would reduce his future allotments beginning in 1966, by about 6 to 8 per cent.

Marak Club Elects Officers For Year

The Marak 4-H Club met for the first time and elected officers last Tuesday.

1963 officers will be: President, Rosalee Stanislaw; Secretary, Eugene Vaculin; Treasurer, Kathy Kostroun; Reporter, Richard Vaculin; Council Delegate, Eugene Klecka; and Recreation Leader, Raymond Johec.

Plans were discussed for going to the State Fair in Dallas on October 5, which is their 4-H Club Day.

RAW MILK

Raw milk can be produced with a bacteria count of under 10,000 per cc with average conditions on Texas dairy farms. And with a little extra care in washing, cleaning and sanitizing equipment it can be reduced to less than 3,000.Milk temperature, the health of the cows, teats, and the milking parlor should be checked when unusually high bacteria counts persist.

FARM INJURIES

Small children are often injured while riding on farm machinery. They are also hurt in driveways and work areas and should be kept away from these areas unless properly supervised.

A famly reunion at the home of Mr. and Mrs. F. R. Kolodejcak recently brought together six sisters who have been separated by many miles.

Meeting at their parents for the first time in six years were Mrs. J. A. Becker of Temple Miss Justine Kolodejcak of Bainbridge, Maryland, Mrs. Carl Deck of Long Island, New York, Mrs. J. J. Kaltenbach of Perth Amboy, New Jersey, Mrs. C. W. Solomon of Burlington, Texas and Miss Beatrice Kolodejcak of Cameron.

"Let's just say in our Want Ad — 'going out of business'!"

Annual Picnic Set For Marak Sunday

Marek SS Cyril and Methodius Church is planning an annual picnic starting at 2 p.m. Sunday, September 29.

There will be a cotton auction at 3:30 p.m. and refreshments and good entertainment are also a part of the program

Supper will be served from 5 to 8 p.m. The Vrazel Polka Band will play at a dance in the evening

MRS. ROY HORTON

Vows Exchanged By Wise-Horton

Miss Margie Wise and Roy T. Horton were married Saturday evening at 6 p.m. in the Battetown Baptist Church.

The Rev. Harrison McLerran read the double ring ceremony before an alter flanked by baskets of white gladiolus and greenery.

Miss Peggy Mullinax furnished traditional wedding music

The bride is the daughter of Mr. and Mrs. W. J. Wise of Rt. 3 Cameron and the groom is the son of Mrs. B. Adamson of Denver, Col.

Given in marriage by her father, the bride wore a gown of peau de soie with a scooped neckline, short sleeves, and a fitted bodice which formed a point in the back. The ballerina length skirt of unpressed pleats fell from a corded waist.

Her shoulder length veil of silk illusion was held by a white satin rose and patin petals.

She carried a bouquet of white feathered carnations centered with a white orchid.

Mrs. Sharon Harber, sister of the bride, was matron of honor. She wore a street length dress of blue brocade taffeta and carried a white carnation bouquet.

Kenneth Harber brother-in-law of the bride, served as best man. ushers were Charles and Russell Wise, both brothers of the bride.

A reception following the ceremony was held in the cuurch recreation building. Miss Alice Clark of Austin registered the guests.

The brides table was laid with a white linen cloth and centered with the brides bouquet. Mrs. Viva Mc Gregor of Cameron and Mrs. Barbara Backus of Dallas served in the house party.

The couple will make their home in Altus, Oklahoma where Mr. Horton will be stationed in the U. S. Air Force.

Milam Native Has Established Home In Waco, Texas

Mr. J. H. Reaves, resident of Milam county for 79 years, has established her home at 4000 Cobbs Drive in Waco with her grandson-in-law and granddaughter, Mr. and Mrs. Lewis R. Travis and children Karl, 13, Roxane, 11, and Alison,7.

Mrs. Reaves is the widow of John Henry Reaves who farmed five miles north of Cameron, was Texas Highway Department foreman for Milam County about 35 years, and once served as a county commissioner.

Travis is manager of Howard's Laundry and Dry Cleaners of Waco, a long-established firm owned by former Cameron resident Ernest Howard. Mrs. Travis is the former Marion Brewer daughter of Sam Brewer of Curry community. She is associate women's editor of the Waco News-Tribune and Times-Herald.

JONES PRAIRIE

Mr. and Mrs. Dick Young of Spring and son Paul, of Huntsville were weekend guests of their daughter and son-in-law, Mr. and Mrs. Norwin Hughes.

Frank Black and his uncle, Davis Black, spent a few days in Angleton and Galveston this week.

Staff Sergeatn and Mrs John Atkinson and son, Johnnie, of Albuquerque Mew Mexico were weekend guests of his sisters and brother; Susie, Polly and Burnett Atkinson. Major Polly Atkinson left Friday to visit her sister in New York, enroute to a new assignment in Germany.

New Braunsfels was a weekend guest of her aunt and uncle, Mr. and Mrs. B. D. White.

Shower Honors Mrs. Farrell Of Rogers

Rogers--Mrs. H. L. Farrell, Jr. was honored Saturday night with a miscellaneous bridal shower at the home of Mrs. Mae Bigham.

Hostesses with Mrs. Bigham were Mrs. Edith Starnes and Misses Iris and Valera Williams. The dining table wa laid with a white linen damask cloth centered with red carnations in a crystal container topped by a miniature umbrella.

Mrs. Bob Williams, Mrs. Lois Gunn and Miss Linda Keith assisted in serving. Misses Linda Keith and Cathy Gilleland registered the guests.

WSCS Has Opening Study On South Asia

The WSCS of the First Methodist Church met Monday at 3 p.m. for their first session on the study "The Christian Mission in Southern Asia."

Mrs. Jesse T.Kirk, leader of the study, was assisted by Mrs. John Henderson Sr., and Mrs. R. M. Clark.

Mr. and Mrs. Henry Roden of Victoria were visiting with old friends here recently, enroute to visit her sister in Temple. The Rodens were former Jones Prairie residents.

Durable vat - dyed, machine washable sanforized cotton suit has triple needle stitching and bar-tacked at strain points. Heavy duty zipper and pockets.

Drink Florida's Liquid Sunshine!

That's just what you do whenever you reconstitute a can of fresh-frozen Florida orange juice concentrate. All year 'round—but in the winter months particularly—Florida's frozen orange juice is the perfect breakfast starter as well as after-school pick-up. Teen-age girls, busy with studies and social activities, need the daily required amount of vitamin C to keep them in sparkling good health—and good health means good looks, so important to teenagers.

Packed full of sweet, refreshing flavor, a six-ounce glass of this liquid sunshine contains approximately 82 calories, and provides the daily required amount of vitamin C for a teen-age girl. (Boys require even more vitamin C, so an eight-ounce serving is recommended for them.) Florida orange juice concentrate is still the least expensive source of vitamin C you can buy, averaging from four to six cents a serving. Your daughter needs almost three times as much tomato juice, five times as much pineapple juice, twenty-six times as much prune juice, to get the equivalent amount of vitamin C as is contained in orange juice!

The recent cold wave in Florida destroyed a part of the fresh orange crop, but the fresh, tart-sweet flavor of the frozen concentrate will be just as good, for State Department of Agriculture inspectors check every bit of fruit before it's processed.

Gas Breakdown On Exhibition

How natural gas is literally "taken apart" and converted into chemicals from which hundreds of consumer products are made, will be shown in a petro-chemical exhibit in the Gas Exhibits Building, State Fair of Texas, October 5-20.

On display will be actual products made from these natural gas hydrocarbons. Lone Star Gas Company is in charge of the building.

A flow chart begins with the introduction of natural gas into the petro-chemical processing where it is divided into components of methane, ethane, propane and butane. From these four hydrocarbons, additional intermediate chemicals gas, methanol, acetylene, chloro- are formed carbon tetrachloride, fr- m methane; ethylene from ethane; propylene from propane; and butylene from butane.

Through additional processing some 2500 different chemical products evolve and from these more than a half million products can be made.

These are used in the manufacture of the new chemical fibers, plastics and such items as fiberglass, bakelite, vynilite, adhesives, solvents and many others.

Many of these end products will be displayed including chemical fertilizers. The latter will be detailed in a section devoted to the new LSP chemical fertilizers to be produced at the new Trinity River Plant now under construction by Lone Star Producing Company's Chemical Division near Kerens, Texas. The Producing Company is a subsidiary of Lone Star Gas.

The Lone Star display points out the dual role of natural gas which supplies 33 per cent of the nation's energy requirements and one-fourth of all the chemicals made today. Despite the latter fact, only about 2 per cent of present natural gas production goes into petrochemicals.

The Lone Star exhibit theme "Do it tomorrow's way with gas", is chrried out on additional displays emphasizing cleanliness, economy and the future uses of natural gas.

In additional Lone Star will display a 5-foot cut-away model of the gas pavilion building at the 1964 New York World's Fair and five, deluxe all-gas model kitchens.

Milano Homemakers Hold First Meeting

The Milano Chapter of the Future Homemakers of America held their first meeting of the new school year Friday.

President Wanda Malone began the opening ritual, after which the minutes of the last meeting were read. Following routine business the program was turned over to Rita Stewart who emphasized the duties of the club's officers.

Chapter mothers were elected at the meeting: Mrs. Wesley Malone, Mrs. Dyson, Mrs. Marcus Bankston, Mrs. Mattie Reese, and Mrs. Hartley. Chapter father selected was Gail Davidson and James Cass was selected as chapter weetheart.

Buckholts Officers Chosen By Seniors

The seniors of Buckholts High School have elected the following officers for the school year 1963-64.

Richard Glaser was elected President. Assisting him are Patricia Zavrel, vice president; Carolyn Gonten, secretary; Trisha Holland, treasurer; Mary Ruzicka, reporter and Edwin Peeler, parliamentarian.

SAN GABRIEL

Mrs. H. H. Linke

Mrs. F. W. Worley, Mrs. Jim Stewart and Miss Hugo Linke were in Tracy Tuesday where they visited the H. D. Kays. The Kay's daughter, Kathy, who lives in Kansas, was home. She had come back to Temple to have a tonsillectomy.

Church were in Temple Friday. Church were in ETemple Friday where they attended an all day meeting of the District WMU. They were Mrs. Dan Beason, Evalyn Terry, Faye Linke, Isabelle McDaniel, and Margaret Gifford. There were 457 ladies at the meeting.

Mr. Kenneth Daniel and son of Houston spent Friday night and Saturday with their sister and aunt, Mrs. Walter McDaniel and Mr. McDaniel.

Mrs. Media Clark had as house guests over the weekend, her granddaughter and her husband, Mr. and Mrs. Dick Hawksworth of Houston.

Miss Bobbie Case, who teaches school in Alvin, spent the weekend with her mother, Mrs. Ora Case, and other relatives.

Mr. and Mrs. Claude McCoy and daughter, Kay of Rockdale were visiting in the Harry Tombill home Sunday afternoon.

Mrs. Otto Luetge and Elmo Luetge of Rockdale, and Mrs. Lim Dunnam of Rogers, were visitors in the home of the Walter McDaniels Saturday afternoon.

Weekend and Sunday guests in the Buck Garner home were Mr. and Mrs. B. H. Eberhardt and Mr. and Mrs. Allan Burns and baby of Waco, Mr. and Mrs. Radford Fowler and children of Austin, and Barkley Garner.

Miss Patricia Garner, a recent graduate of Durham's Business School, has accepted a secretarial position with the Kerr-Ban Furniture Manufacuring Company of Taylor. She began her new job Tueday.

We have had some very beneficial rains, and the farmers are busy planting oats and winter peas. The pastures are greening out and many peopie are planting turnip greens and other fall garden seeds.

Mr. and Mrs. Edwin Fischer had as weekend guests their son-in-law and daughter Mr. and Mrs. Joe Dean Zajicek and son David of Thorndale. They attended the christening Sunday of tMrs. Fischer's grand-nephew, Jay Jerome Wag-

a patient at St. Edward hospital in Cameron for treatment of a broken leg suffered when he was accidently struck by an automobile Friday, is reported to be resting very well.

CONTROL PESTS

Many products have been used to control pests on agricultural crops. Lime sulphur, compounds of arsenic, lead, mercury andcopper, coal tar products, soap, petroleum products, and plant extracts such as pyretrhins, rotenone, and nicotine are among them.

Tabasco Important To Barbecue

Chicken prepared and eaten outdoors is delicious, particularly when barbecued with a Tabasco-seasoned sauce. The liquid red pepper seasoning adds a piquancy to the simple sauce that can't be matched.

Roast corn is wonderful with barbecued chicken, and you can cook it right on the grill, wrapped in foil. The chickens can be halved and cooked on the grill too, or whole ones revolved on a spit.

Tabasco Barbecued Chicken

2 tablespoons butter or margarine
½ cup catsup
Juice 1 lime
⅛ teaspoon salt
¼ teaspoon Tabasco

To make sauce, melt butter in small saucepan. Add remaining ingredients and mix well. Use broiler-fryer chickens weighing approximately 2 pounds dressed weight. Have chicken split in half. Baste chicken with sauce. Place chicken on grate 12 inches or more from heat, skin side away from heat. Cook slowly until tender, turning frequently and basting each time. Allow 1 to 1¼ hours total cooking time. Drumstick should twist easily out of thigh joint. Baste frequently. Whole chickens may be barbecued on a spit, turning and basting frequently with the sauce.
YIELD: Enough sauce for 2 chickens.

For roasting corn to perfection, use aluminum foil. Husk ears of corn and lay on double thick squares of foil. Wrap foil around corn sealing edges with a fold. Place on grill and cook about 15 minutes turning once or twice. Cream or melt ¼ cup butter with ⅛ teaspoon Tabasco. Spread or brush on hot corn.
YIELD: Enough Tabasco butter for 6 ears of corn.

Sell Your Farm

WHY DON'T YOU . . . CONSIDER SELLING? . . . "It has been estimated that with current margint, an AVERAGE farmer must sell $10,000 worth of products to NET an annual MONEY income of—$2,500."
Well . . you might sell now, and reap a handsome PROFIT from your land.

It is also useful in the home for checking itemized bills, auditing bank balances, keeping budgets and preparing tax returns. Come in soon and see the Prima for yourself.*

THE CAMERON HERALD

Buckholts Badger Squad Drops Leon Cougars, 25-18

In Leon Friday night, Buckholts exploded for 25 points in the first thirty-three minutes of play and barely stayed in the game as the Cougars of Leon scored 18 points in the final seventeen minutes.

The Badgers moved early in the game as they drove to the Cougar nine where Lawrence Hanke scored on a plunge up the middle. The PAT was no good and Buckholts led 6-0.

Both teams moved the ball slowly during the rest of the first quarter and the game was well into the 2nd period when Buckholts scored again on an end run by Hanke Hanke also ran over the PAT.

A third scoring opportunity came quickly for the Badgers as Calvin Shenker intercepted a pass on the Cougar thirty-five. Quarter back Ron Glaser passed to left end Dicky Jones for the touchdown.

Early in the third quarter, Calvin Shenker scored from twenty yards out and Buckholts led 25-0.

It was at this point that Leon went into a seread fomation they had tired earlier in the game. They scored three successive touchdowns and the game ended 25-18.

This Friday night Buckholts will play Mullin in Buckholts. This will be the first meeting for these two teams. Mullin won regional championship last year and is highly regarded as possible repeaters to the title this year.

2 Teams Tie For 1st Place In Cam-Roc Play

Lewis Bredt and Green Funeral Home are tied for first place in the Cam-Roc Bowling League following last week's action.

Acme Sheet Metal is in second with 5 wins and 3 losses. Mondrik Minimax and Childress Insurance are tied for third and Pearl Beer, Gaither Motor, and Farm and Ranch Feed Store bring up the rear.

The week's high team series and game was rolled by Green's Funeral Home with a 2,624 and 921 respectively.

High individual series honors went to Annette Hillman with a 512. Marie Laake rolled a 511 and Joyce Magee a 490. Henrietta Tucker rolled a high game of 204; Joyce Magee a 201; and Annette Hillman, 187.

High average bowler of the league is Annette Hillman with 154. Bennie Mayer and Marie Laake have a 150averageand MaryGage have a 150 average and Mary Gage and Joyce Mayer have a 147 average each.

Services Held For Mrs. Rettig

Funeral services were held Friday for Mrs. A. W. Rettig, who passed away at her home near Cameron Thursday, September 19.

Mrs. Rettig, 65, had been a resident of the Cameron area for the past 33 years. She was born on October 11, 1897 in Briary. Following high schol graduation she attended Mary - Hardin Baylor College in Belton.

Together with Mr. Rettig, she taught school in Ben Arnold, Ad Hall, and Maysfield over a period of years. The two retired in the middle 1940's.

Until about 1958 Mrs. Rettig was district manager for The Southwest Texas Insurance Company of San Antonio. She held this position for about 10 years.

Mrs. Rettig was an active member of the First Presbyterian Church in Cameron.

Funeral services were held at the First Presbyterian in Cameron. Rev. Eugene Strickland officiated and burial was in Little River Cemetery.

Survivors include her husband, Albert W. Rettig of Cameron; two sons, Albert Rettig Jr., of Lubbock and Jimmy Rettig of Freer.

Two brothers, L. E. Massengale of Freeport and Ben Massengale of Jones Prairie; a sister, Mrs. Carlton Crook of Jones Prairie; and four grandchildren, Linda, Lisa, Laura, and Leslie.

Pallbearers were Alvin Dusek, Bennie Massengale, Drayton McLane, Benard White, Wallace Culpepper, Byron Wise.

Honorary pallbearers were Will Vogelsang, Ladis Marek Sr., August Knipp, Fred Bailey and C. S. Terry.

Marek - Burns Funeral Home was in charge of arrangements.

Awards Awaiting Rural Workers

A pair of fortunate, hardworking Texas farmers or ranchers engaged in unselfish tasks will find themselves next spring amid some unexpected glory reaping a bountiful harvest of green.

The two will receive the 1964 Hoblitzelle Awards for the Advancement of Texas Rural Life -- honors that will be conferred upon them during Texas Research Foundation's Awards Dinner at Renner on Wednesday, May 20.

"Search for the two men is underway through a team of statewide committees." Dr. C. L. Lundell Director of the Foundation, said this week. "One recipient will be a junior farmer or rancher who is 35 years of age or younger. The other will be a senior who has passed his thirty-sixth birthday."

Next May each will be presented an award of $5,000 in cash, a gold medal and a scroll in recognition of his outstanding contribution to the improvement of rural life. The four year period of service covered by the awards is from July 1, 1959 through July 1, 1963.

Eligibility for nomination for the 1964 Hoblitzelle Awards is open to any farmer or ranchman, Dr. Lundell continued. Any organization, business, institution or person may make nominations to the proper committee. The actual plan of land improvement used by a candidate on his own land will receive prime consideration, the Director added.

"The 1964 awards change a precedent set several years ago when the rural life awards were presented only every two years," Dr. Lundll said. "Keen statewide interest in the 1963 awards prompted the decision to make them again in 1964."

There are five state regional committees -- one in each of the five areas of the State Association of Soil Conservation Districts. Nominations may be made to any member of the regional committee in the area where the candidate lives.

Members of each regional committee are the Area Vice President of the State Association of Soil Conservation Districts, a resident official of the Young Farmers of America, an Area Supervisor of Vocational Agriculture, a District Agent of the Texas Agricultural Extension Service, an Area Conservationist of the Soil Conservation Service and an outstanding banker.

All nominations for the honors must be submitted to the proper committee by December 1, 1963.

The awards are donated by the Hoblitzelle Foundation of Dallas and presented at Renner by the Karl Hoblitzelle Agricultural Laboratory of Texas Research Foundation, administrator of the awards.

The Hoblitzelle Foundation was established in 1944 by Karl St. John Hoblitzelle, Dallas philanthropist, who has been active for half a century in civic, educational, cultural, patriotic and charitable mevements.

Winners of the 1963 awards were Bill Lane, Comanche County dairy-livestock farmer of Gustine, and Richard McOdoo Riley, Travis County dairyman of Del Valle, junior and senior respectively.

Bulldogs Dropped By Strong Taylor Panthers 14 - 0

The Taylor Panthers scored all of their 14 points in the first half of play before giving in to a strong O. J. Thomas defense, but they had the needed edge to topple Cameron's Bulldogs, 14-0.

The action took place last Saturday night in Cameron.

Taylor's swift quarterback O. L. Price was the key man in the Panther offense, by scoring two touchdowns; he accounted for most of their yard-gaining.

Statistics-wise, however, the Bulldogs outdid the Panthers in yards with 126 on the ground and 95 via passing. Four passes were completed from quarterback Frederick Kelley to Rosemond for 55 yards. Two more passes were completed to Johnny Holloway for 40 yards.

Kelley was selected the outstanding back of the week for the Bulldogs and Rosemond was named the lineman of the week. Others in the limelight for Cameron were Bruce Aycox, Larry Ray, Chester Nealy, and John Green.

Aycox blocked one Taylor punt attempted and Ray intercepted a Panther pass during the course of the game. Defensive standouts for the visitors were David Henderson and L. D. Griffin.

Cameron	Statistics	Taylor
12	First Downs	10
95	Net Yds. Passing	30
11	Passes Attempted	4
6	Passes Completed	2
126	Net yds. Rushing	119
4 for 92 yds.	Punts	6 for 125
8 for 50 yds.	Penalties	3 for 35 yds.

Girl Scouts Plan Thurs. Program

Troop 311, St. Anthony Girl Scouts will hold an investiture service Thursday (tonight) at 7:30 p.m. in Simon George Hall.

To receive her Girl Scout pin, each scout must know the Girl Scout laws, must have attended 4 meetings, must know the salute to the flag and have had a special project for one week.

Mrs. Lester Williams of Cameron, a member of the board of directors of the district Girl Scout Council, will conduct the service.

Patients in St. Edward Hospital this week are: Mrs. Gus Beckhusen, Mrs. L. C. Barrett, Mrs. Clara Brashear, Mr. Edward M. Cook, Mr. Cleve A. Doss, Mr. Nathan Monroe Elliott, Mrs. Carrie C. Gunn, Mrs. W. C. Herring, Mr. Frank Hanel, Mr. Herbert Jansing, Mr. F.R. Kolodejcak, Mrs. John Todd Lawrence, Mr. Wyatt Wesley Miller, Mrs. Marjorie McClaren, Miss Myrtle McLane, Mrs. John Pevehouse, Mr. Wm. Thweatt, Chris Vasquez Jr., Mr. Charlie D. Von Gonten, Mrs. R. L. Williams, and Mr. Rudolph Zelisco.

TEPERA AT ST. EDWARD

Johnny Tepera has enrolled for his senior year at St. Edward University, Austin. He is majoring in business administration.

SAN ANTONIO VISIT MADE

Mr. and Mrs. F. R. Kolodejcak and Beatrice, Mrs. W. C. Solomon and son Eric, spent the weekend in San Antonio with Mr. Kolodejcak's sister, Mrs. Pat Cordova and his brother, Conrad Kolodejcak.

Registered Cows From Elm Creek Show Index Rate

The registered milking cows owned by J. K. Stuart Elm Creek Farm have recently completed official cow power index ratings.

This rating indicates how many times their body weight in milk these cows have produced during their recent lactation. The test results were released by The American Jersey Cattle Club of Columbus, Ohio.

Bijou Records Foxann has an index rating of 9.9 with 10,403 lbs. milk and 501 lbs. fat over a 305 day period.

Sybil A Cindy Le rating is 11.9 with 10,759 lbs. milk and 543 lbs. fat and Jester B Addie shows an index rating of 12.8 at 11,557 lbs. of milk and 566 lbs. fat over the same 305 day period.

"These records," say the American Jersey Cattle Club," are further proof that a dairy cow does not have to be big to be most efficient and profitable."

Realizing that all the possible efficiency possible must be obtained from today's dairying conditions, The American Jersey Cattle Club launched their cow power program as another service for owners of registered jerseys.

Rev. West Selected As President Of Local Organization

The area Ministerial Association has elected as president Rev. C. A. West, pastor of the First Methodist Church in Cameron.

Elected as vice-president was Rev. Eugene Strickland, pastor of the First Presbyterian Church, who is outgoing president of the association.

Emmett Carson, music and education director of the First Baptist Church, was elected secretary and treasurer.

Take First Victory, 22-7

Yoe Drown Ducks

The "little guys" paved the way to victory for the Cameron Yoemen Friday night at Yoe Stadium when they toppled Taylor's squad of Ducks, 22-6, before a packed house of gridiron fans.

Already a defensive juggernaut, the Cameron called on freshman Donald Manley to reach the goal-line with the pigskin for the first time this season, his touchdown coming early in the second quarter.

McKinney led the Yoemen ground-gaining crew, both in the air and on the turf. He traveled 118 yards, carrying the ball, and tossed five complete passes for 69 yards.

The Yoemen took full advantage of five Duck fumbles, changing two of them into touchdown drives. A Cameron pass interception also set the stage for a Yoeman six-pointer

Taylor got off to an early start by scoring late in the first quarter on an 81 yard touchdown run from scrimmage by Wayne Schoeder. Roy Reichenback kicked good the extra point, giving the Ducks a seven point advantage after a single quarter of play.

The first few minutes of second quarter play saw the Yoemen backed into a corner on their own 35-yardline. Merlin Lester booted out 31 yards and Taylor took control on their 34-yardline.

On the third play from scrimmage the hard-hitting Yoemen jarred the ball from the hands of an opposition back and took control on Taylor's 34-yardline.

The first play from scrimmage McKinney dropped back and threw a long pass to Donald Manley, a five foot, six-inch freshman, that totaled 34 yards and six points.

The first Yoeman scoring brought a near-standing ovation from the Cameron fans.

Another Taylor fumble was turned into a TD drive half a dozen minutes later, when Louis Dohnalik, pounced on the ball at Taylor's 36.

Several drives to the line failed to move the Yoemen much deeper in Duck territory; but a 15-yard penalty against Taylor set the ball at Taylor's 9. Manley and fullback "Bull" McDaniel toted to the 4.

A quick change of pace left Taylor with their guard down as Larry Plentl dropped back and made good a field goal for 3 points, giving the Yoemen a 9-7 halftime lead.

Cameron took the second half's opening kickoff on their own 20 yardline and drove to Taylor's 47 where McKinney hit senior end Ronald McWiliamls with an 11 yard pass and McDaniel plowed up the middle for 9.

From Taylor's 25 came the play from the line of scrimmage, faked beautifully to McDaniel, and while three men grounded Bull, McKinney blistered around left for 25 yards and six points.

The PATkick attemp failed. Cameron holding a 15-7 lead.

The Ducks moved as far as the Yoeman 14-yardline early in the final quarter. A Taylor fumble was recovered by Dennis Jistel, giving the Yoemen control on their own 23 yardline.

Cameron drove to the Duck 45 before running out of gas. Lester punted 30 yards to the Taylor 25. Two plays from scrimmage placed the Ducks on their own 28.

A pass meant for a Duck end was intercepted by McDaniel and carried all the way back to the Duck 19 yardline.

land, and Manley carried to the Duck 4-yardline where McKinney shot a jump pass to Lester for six points with 38 seconds of action remaining.

Plentl kicked good the extra point giving the Cameron a 22-7 win.

Statistic-wise, the Yoemen backs were paced by McKinney with 118 yards for a 6.6 average. McDaniel picked up 53 yards in 12 carries for a 4.2 average; Manley toted a total of 20 times for 48 yards and a 2.4 average; and McFarland carried 4 times for 9 yards, a 2.2 average.

District Teams Are Undefeated

Highlighting action from the viewpoint of fellow 19AA district championship contenders this past week finds victory in the grasps of Rockdale, Hearne, and A&M Consolidated.

Rockdale topped Elgin by a 19-2 count. The win gave the neighboring Tiger squad three wins and no defeats for the young season.

The Rockdale squad scored early and threw up a tight defence to put the fire to the Elgin Wildcats.

Halfback Ronnie Menn accounted for Rockdale's main yard-gaining. The 192 pounder scored two touchdowns and was the key factor in the other TD drive.

Quarterback Dickie Summers played his role of swift moving ball-handler to keep the Elgin crew jumping.

Statistic wise the contest was Rockdale's bread and butter all the way. They garnered 115 yards rushing to Elgin's 38; picked up 62 yards in the air by completing 5 of 13 passeswhile Elgin only hit good for 2 out of 7 and 10 yards.

In other action, A&M Consolidated shamed Madisonville into a 38-0 shellacking and Hearne tore Franklins hearts out 43-0.

The Hearne victory was also their third without a setback.

Halfback Jim Batson and fullback Jack White paced the Eagles with four touchdowns between them.

First Place Race For Nightligther Bowling Pennent

Nightlighters Bowling League competetion is still tight between the league's top contenders.

This week finds Prewitt Drug in first place with 8 wins and 4 losses. Dunn Drilling Company is in second place with 7 wins and 5 losses.

Rockdale State Bank, Dairy Queen, White & McLeod, Butter Krust and Maureen's Embroidery are tied at 6-6 records. Yoakum's House Moving posts a 3-9, won-lost record.

High individual series was bowled last week by Alliene York with a 493. Next came Lillie Ralston and Peggy Stauffer. Rockdale State Bank rolled the high team series with 2,156.

High individual game last week was rolled by Inez Lightsey with 187.Joyce Floyd rolled a 181 and Kathy Btchan a 180. High single team games were all rolled by Rockdale State Bank.

The league's high average bowler to date is Lillie Ralston with 151. Marie Laake has a 147 and Kathy Betchan and Peggy Stauffer have 145 averages.

Stedman Motor In Tri-City League

City Bowling action finds the Hefley - Stedman Motor Company in first place this week with a record of seven wins and one loss.

Western Auto and White Auto Stores are in a second place tie with records of 5 wins and 3 losses each. Gaither Motor Company and Citizen's National Bank are next in line with identical 4-4 records and Lone Star Beer and Baskin Insuranie are 3-5. Anderle Lumber Company is in last place with a single win and 7 losses.

High series was rolled by Earl Curtis during the past week with a 664. Wilson Wertz rolled a 662 and John Pernice, a 653.

Hefley Stedman rolled a high series of 2,447. Baskin Insurance a 2,352 and Gaither, 2,349.

Marlin Bayer rolled the high individual game with 262. Earl Curtis rolled the week's second highest game with a 260 and Ralph and Molly Burke each rolled a 248.

Hefley Stedman rolled two games of 869 and Gaither Motor Company rolled an 814.

AID PARTICIPANT TO VISIT

A foreign student sponsored by the Agency of International Development is scheduled to arrive in Milam County Friday evening, Sept 27. The participant will spend one week with a family in the Gause community to observe family living and agricultural activities carried on in the area.

A Look At SPORTS

BY ROBERT MANN

The compliments flew fast and furious last Friday night, Saturday morning, Saturday evening and well, right up until press time, about Cameron's gridironers.

Already defensive masters, the Yoeman squad turned the tables, reversed the deck and played it straigt from both angles last week; they combined one of the best assorted group of plays with one of th hardest hitting bunch of finemen Cameron has seen in many, many years.

Yoeman Coach George Kirk, who was a pretty impressed fellow himself, had praises for both sides of the game.

"They can rave about the offense all they want," he said, "and so will I, because they did a great job. But don't forget the defensive team gave them the ball when and where they wanted it."

"That bunch of linemen–guys like Morgw, Dohnalik, Perrin, and all the rest played their hearts out just because they wanted that ball and those scores."

Kirk went on to say "seldom does everyone on a ball club, even a winning one, play a good game but last Friday night was one of those rare events."

"Everyone was on his toes, nobody missed their cues enough to make any difference; our pass patterns were set up wonderfully; and every boy out there was pulling for the fellow next to him."

In talking about the games "running" touchdowns, Kirk and his staff had special praise for Mike McDaniel.

"When Mack McKinney made his left end McDaniel and him even faked me out. Three boys hit McDaniel while McKinney ran right through them with the ball. Bull just reached for the ball, bulled his neck, and plowed into them–McKinney just never handed him the thing."

LOS

A swift look at Cameron Bowling news–and that is news. Probable the most widely-assorted group of sportsmen in the area will soon be assembling five nights a week for Bowling League action at the Cameron Lanes.

A couple of league's have already "hit-the-lanes" and men and women alike are limbering up for the long, hard winter.

LOS

Raymond Tepera, former YHS football great, and a first-year line coach at Cleveland, Texas, was probably all smiles last week after his Cleveland Indians won their Friday night football venture.

Cleveland, another Class AA exponent, is located about 45 miles from Houston and sports one of the classiest small school gridirons in that part of the country.

Tepera is a 1963 graduate of Sam Houston State College in Huntsville, but Cameronites remember him as the short, husky fellow who used to team with Yoeman George Zarosky in blasting opposing ball carriers up and down the gridiron, like it or not.

Rev. Carroll of Ft. Worth filled the pulpit at Little River Baptist Church Sunday in the absence of our regular pastor Rev. Weldon Harris, due to illness of Mrs. Harris. e was a guest for lunch of Mr. and Mrs. T. B. Stidham.

YOE LINEMEN — Four of the five Cameron Yoemen fighting linemen pictured above are ready and willing for tomorrow night's football action. Second from the left is Auggie Dohnalik, who is out of action because of a fractured hand. Left to right is Charles Wise, Dohnalik, Cliff Evans, R. L. Mikulec, and Mike Koranek.

CHEVY SPORTS COUPE — The luxurious new Chevrolet for 1964 will go on display today at Howard Chevrolet Company in Cameron. Many new mechanical refinements coupled with sparkling color-keyed interiors and a choice of 19 power terms are available in the sports coupe model with bucket seats and a new center console.

Five Chevrolet Lines For Year

Chevrolet -- virtually certain of etting an all-time sales mark in 1963 -- intends to continue this success in 1964 by offering the widest choice of automobiles in its history.

Introduced in Howard Chevrolet Company on Thursday, September 26, will be 43 new models in five distinct sizes. This is ten more models than Chevrolet offered for 1963 and the greatest number the division has ever offered in a single year.

Included will be the industry's only all-new car for 1964 -- the Chevelle. This much discussed combination of beauty, quality, performance and distinction is sized between the regular Chevrolet and Chevy II

All Chevrolet's five lines of 1964 cars have styling and engineering improvements which -- teamed with the increase in models and options -- allow the customer to tailor a car to his particular requirements as never before.

"Car buyers today like diversity," Semon E. Knudsen, Chevrolet general manager, declares. "They like to be able to choose cars from a wide selection of sizes, styles and

"We expect the broad diversity in our 1964 cars to win the cutomer votes needed to continue Chevrolet's traditional industry leadership."

Following are the highlights of the five members of Chevrolet's 1964 "family."

Extensive new styling is evident in the regular Chevrolet line, again stressing the big car luxury which has made it so popular.

A Super Sport series featuring bucket seats and special interior and exterior appointments in both a convertible and sport coupe has been added for 1964, bringing the total models of regular Chevrolets to 15 in four series.

Although over-all dimensions are thesame as in 1963, the regular Chevrolet has a longer, wider look created by new flowing side lines and a smooth, broader styling of front and rear ends.

Crisp, distinctive exterior moldings and interior appointments distinguish between the Super Sport, Impala,, Bel Air and Biscayne series.

The 1964 Chevrolet models feature new interior trim styling and materials, yet retain the built-in comfort, convenience, luxury and durability traditional with Body by Fisher.

CHEVELLE

Chevrolet's new automobile line for 1964 embodies a distinctive styling and will be offered in 11 models in three series -- the top-of-the-line Malibu Super Sport, the Malibu and the 300.

quality and vehicle width are stressed in the front end design which makes use of dual headlights and orizontal grille bars. Sid tratment is clean and a peak line which carries throughout the car gives a look of length.

The rear end design accents car width with tail and backup lights at the extreme ends of the rear back panel. A textured molding extends the full width of the car.

A special feature of the Chevelle body is the use of curved side windows to give a lower look. A strikingly wide instrument panel is part of the distinctive interior styling which includes trim styles and materials color-keyed to the new exterior colors.

CHEVY II — In its third year on the market, the Chevy II continues its popular blend of small car handling, roominess, economy and good taste in a total of 6 models in two series -- the Nova and the 100 series.

The basic styling personality of the Chevy II is continued in 1964, but there is added beauty through refinements in the grille, side moldings, emblems and hub caps and more luxurious interiors.

A V8 engine will be offered for the first time as an extra-cost option on all models. With the V8 which will be Chevrolet's 283 cubic inch 195 horsepower model, the customer may choose either standard three-speed, optional four-special Powerglide transmissions.

Two six - cylinder engines at 120 and 155 horsepower will be available in all Chevy II models. The economical four-cylinder 90 horsepower engine will continue to be available in the two and four-door sedans of the 100 series.

CORVAIR — Entering its fifth year, the Corvair will continue its important place in the Chevrolet lineup by appealing to a group of buyers who like something sportier and less conventional in a small car.

A Monza Spyder series comprised of a top-of-the-line convertible and club cupe is addad for 1964, bringing the total to seven in four series -- the Monza Spyder, Monza, 700 and 500 series, plus two Greenbrier Sports Wagons.

Corvair styling for 1964 retains the clean, classic theme with new identification through emblems and ornamentation. All models except Greenbrier feature a slender new front body molding with colorful plastic emblem insert. The word "Corvair" extends across luggage and engine comparment lids in bright block letters.

CORVETTE — America's only sports car — fresh from its most successful year in 1963 — continues the famed design of its two Sting Ray models, the convertible and the sport coupe for 1964.

Offering broader appeals to more kinds of buyers, the 1964 Corvette combines the driving and handling enjoyment of a genuine sports car with the luxury and convenience most fine car owners want.

For 1964, Chevrolet offers its customers a choice of 14 new magic mirrow exterior colors plus 11 two - tone combinations. In additional a special color -- Goldwood Yellow -- is available exclusively for Monza, Spyder, all Super Sport and Impala hardtop and convertible models. One other color -- Riverside Red -- is available only on Corvettes.

Extended lubrication again is a feature on all Chevrolets for 1964. Recommended chasis lubrication is every 6,000 miles or six months and engine oil change each 6,000 miles or 60 days.

New, improved service - free universal points are provided on all 1964 models.

Class Officers Are Elected For Rogers Jr. High Students

Rogers--LXlass officers have been Schwertner, principal, and are as fllows:

Eighth grade: President, Aneta Brenek; reporter Joseph Green. Seventh grade: President, Billy Craft; vice president David Ondrasek; secretary Corene Green; tres Haisler; reporter Judy Hoelscher.

Sixth grade: President, Edwin Vasicek; vice president Kathrine Stermer; secretary-treasurer, Carolyn Sitz; reporters, Russell Chupnik, Carolun Doskocil.

Area Students In A&M University

The Institute of Electronic Scien the first two year program offer-24 students two of them from M Milam County, for the fall sem-Cecil Arnold of Cameron and both enrolled in the school of electronic training.

The two-year course will consist of forur terms of 54 months mitted in March or September each year.

Graduates of the school will convert engineers' ideas into shop drawings working models and prototypes. They will also be able to perform product development and suprvision.

L. K. Joneh head instructor, said classes will be limited to a maximum of 24 students each term.

Governor John Connally has officially designated Sunday, October 6, as German Day, a revival of an old tradition that will be celebrated with an all-state program at Dallas in the Memorial Auditorium and at the Sstate F Fair of Texas.

This year's program will consist of the mayors of vairous cities agreeing to give official recognition of the day and a number of civic organizations are lending support.

German Day in Texas commemorates the first colony of Germans in America and celebrates the ahcomplishments of early German settlers in the state.

Plans Made At School Meeting

The St. Anthony School's Parent - Teacher Club heard a talk on "Americanism" and made various plans for the year's activities at their first meeting last week.

Mrs. Frank Luecke, Society Editor of The Cameron Herald, addrssed the group on "Americanism"

She was introduced by Mrs. Patsy Matula, program chairman. The clubs newly elected president is Mrs. James Brock.

Mrs. W. K. Leonard was named general chairman for the cseohl carnival. Co-chairman is Charles McDermott. Mo carnival date was set.

Other new officers serving the PTC are Herman Hanel, vice-president; Mrs. Patsy Matula, second vice-president; Mrs. Clarence Hanel, secretary, Lawrence Zotz, treasurer, and Mrs. Eugene Mifcham, historian.

Committee chairmen are: Publicity, Mrs. Raymond Kurtz; Hospitality, Mrs. H. E. McAtee; Membership, Mrs. Louis Hollas; Finance, Charles McDermott and program Mrs. Matula.

Sister Relindis's room won the room count contest with the largest number of parents present.

Room mothers selected are: first grade, Mrs. Patsy Matula and Mrs. Joe Zarosky Jr.; second grade Mrs. Paul Schigut and Mrs. Louis Hollas; Third grade: Mrs. Anton Hanel and Mrs. W. K. Leonard; fourth and fifth grade, Mrs. George Hollas and Mrs. Charles Riola; sixth grade, Mrs. Charles McDermott and Mrs. Lawrence Zotz; seventh and eighth grade, Mrs. Herman Hanel and Mrs. Joe Mueck.

Tax Refund For Gas Usage Filed Soon

Farmers and ranchers who are entitled to tax refunds on gas used for farming are again reminded by R. L. Phinney, District Director at Austin, to file claim with the Internal Revenue Service by the deadline of September 30.

Claims should be made on Form 2240 for 1963. These forms and instruction sheets can be obtained from county agents or from Internal Revenue offices.

Girl Scouts Plan Bake Sale Saturday

St. Anthony Girl Scouts troop 311, will have a bake sale Saturday September 28 at 9:30 a.m. in front of the building formerly occupied by Bernieces Dress Shop.

The bake sale proceeds will go towards the troop projects. Leaders are Mrs. Billie Ellis and Mrs. George Hollas.

In The Service

Dennis B. Shelton, interior communications electrician third class, USN, son of Mr. and Mrs. J. T. Shelton of Route 1,Buckholts,is serving aboard the attack aircraft carrier USS Hancock which recently visited the port of Sasebo Japan.

The Hancock is deployed on a seven-month cruise to the Far East. She has made three visits to Subic Bay, Philippines and spent several days at the British Crown Colony, Hong Kong.

...YOUR ELECTRIC PENNY

A penny is a penny and . . . let's face it . . . one of them just doesn't buy very much of anything.

But, it's a fact that the pennies which make up the dollars paid for electric service buy today *more than twice the amount of electricity which they bought 25 years ago* . . . a fact all the more impressive because, in the same period, the cost of living more than doubled.

Now, for the eleventh time in its 51-year history, Texas Power & Light Company has made a general revision and reduction in practically all of its electric service rates.

The changes will be effective for the first time on all bills rendered during the Company's September billing period, and will reduce rates on an average of 2½ per cent. Total annual savings for all TP&L customers will amount to approximately $2 million.

Electricity . . . making possible hundreds of services, conveniences, comforts and pleasures in our daily living . . . is still the biggest bargain in the family budget.

TPL TEXAS POWER & LIGHT COMPANY
a tax-paying, investor-owned electric utility

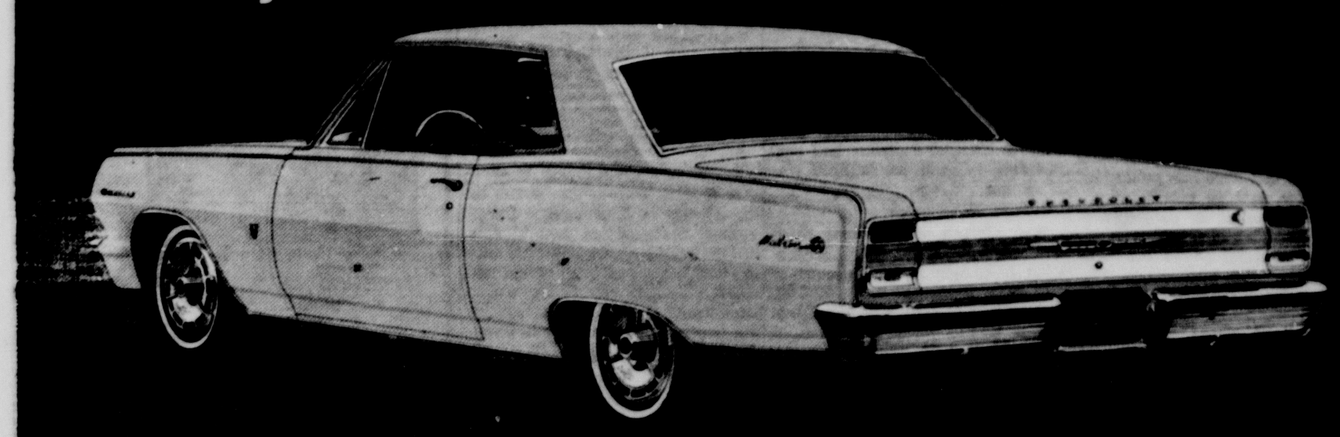
Expect great things from Chevrolet again-for '64

Today...Jet-smooth Luxury '64 CHEVROLET

'64 Chevrolet Impala Sport Sedan—one of 15 Jet-smooth luxury Chevrolets.

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats as standard equipment. (The new Impalas and Bel Airs are more luxurious, too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just luxury from Chevrolet. A choice of 16 power teams, for instance—a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth ride with Full Coil suspension. Flush-and-dry rocker panels, Delcotron generator, self-adjusting brakes and other low-upkeep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that seems to be entirely up to you.

Take your first look at the first CHEVELLE!



CHEVELLE! by Chevrolet

New Chevelle Malibu Super Sport Coupe—one of 11 models in three great series.

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior dimensions of its Body by Fisher provide a generous amount of head, leg and shoulder room. (Chevelle's trunk is big and roomy, too.) The ride is surprisingly smooth with a rugged coil spring at all four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp V8 (optional at extra cost.) Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all—at your Chevrolet dealer's. (Like this good-looking Malibu Super Sport, maybe?)

Ag Department Serves 'A' Lunch

This year about 700,000 children in Texas elementary and high schools are getting a Type A lunch with milk like the meal the above little girl is about to enjoy.

Only Type A lunches are served by schools cooperating with the U. S. Department of Agriculture in the National School Lunch Program This type A lunch meets a third to a half of the student's daily nutritional needs. It consists of a 2 oz serving or more of meat, poultry, fish, cheese or other high-protein foods; a serving of at least 3-4 cup of raw or cooked vegetables or fruits or both, at least 1 slice of enriched or whole-grain cereal bread, 2 teaspoons of butter or fortified margarine and at least one-half pint of fluid whole milk as a beverage.

In Texas, 3,580 schools are participating in the National School Lunch Program. This makes these schools eligible for foods, cash reimbursements for Type A lunches served and various nutritional services from USDA's Agricultural Marketing Service. These benefits are channeled to the community-owned and operated school lunch programs through the Texas Education Agency.

Last year, AMS donated about 33 different foods to the school lunch program, but more than 80 percent of the food served was purchased from local merchants.

The President has proclaimed National School Lunch Week, October 13-19, in recognition of the efforts of local citizens who run the program in 68,000 schools across the nation. During the week, school and community activities will point up the contributions of school feeding to the health and well being of tomorrow's citizens.

Cotton Harvest Slow In Bottom

Cotton harvesting was delayed in the Brazos River Bottom, due to the recent rains, according to J. B. Russ, Office in Charge of the USDA - Agricultural Marketing Service - Cotton Division Classing Office in Austin.

Grades continue to run about the same as the previous week, with 55 per cent being classed in the White Grade category; 42 per cent Light Spotted; 1 per cent Spotted; 1 per cent - gray; and 1 per cent Below Grade cotton. Strict Low Middling was the predominant grade with 28 per cent of the total being classed as such.

The staple length continues to be good with 80 per cent being 1 1-32 inches or longer.

The market was fairly active with demand being for Light Spotted and lower grade white cotton which is bringing from 50 to 60 points above the loan price.

The Austin office classed 28,505 samples last week, which brought the seasons total to 430,446 at the close of business Friday, September 20. This is already 10,000 samples more than was classed in the 1962-63 season. The classing staff consisted of 9 classers, which was sufficient to keep classing current.

MAYSFIELD

Herbert Thweatt Jr. left Friday for Santiago, California. He was accompanied to Austin by his mother, Mrs. Herbert Thweatt, his sister, Mrs. Jodie Vrana of Waco, and Mrs. Dock Thweatt. He boarded a plane for San Antonio from from where he flew to Santiago where he is in the Marines.

Mrs. J. A. Jamison of Cameron is visiting her daughter Mrs. Leroy Massengale and Leroy.

Mr. and Mrs. Eldred Massengale of Freeport were here this week to attend the funeral of his sister, Mrs. A. W. Rettig of Cameron.

Mrs. Hubert Thweatt, Mrs. Dock Thweatt and Mrs. J. P. Wise shopped in Temple Tuesday.

Mr. and Mrs. Donald Thweatt and children of Groveton visited his parents Mr. and Mrs. Gilford Thweatt last weekend.

Mr. Ralph White and daughter Mary Carol and Miss Mary White of Dallas visited their mother and grandmother Mrs. Vina White last weekend.

Santa Fe Reports State Fair City

The Santa Fe Railway's famous Cyrus K. Holliday train, replica of the motive power and passenger coaches which opened the West in the 1860's, will be featured in the American Heritage Exposition at the State Fair of Texas, Dallas, October 5-20.

The muchly-filmed and photographed diamond stack locomotive named after the first president of the railway system, is being brought from Topeka, Kansas for the exposition.

The ancient locomotive with its tender and two passenger coaches is 160 feet in length, whereas a four-unit locomotive operating today is some 38 feet longer than the entire train.

Sharp

By Mrs. W. Schwarz

Mr. and Mrs. Floyd Cryer and grandson Michael Cryer of Baytown spent several days last week with Mrs. Jim Cryer.

Mrs. Dorothy Mitcham and children of Buckholts visited Saturday with Mr. and Mrs. Vivian Mitcham.

Fritz and Janny Hientz of Taylor spent Wednesday afternoon with Mrs. Max Rinn and Agnes.

Mr. and Mrs. Q. R. Cryer of Belton spent Sunday with their son and family Mr. and Mrs. Wayne Cryer.

Mr. and Mrs. L. N. McDonald were Sunday dinner guests of Mrs. and Mrs. Fred Folschinsky and children of Ben Arnold.

Mr. and Mrs. Tom Hill and son of Ft. Hood made a brief visit in the McDonald store. They were former residents of this community.

Mrs. L. A. Petty visited in Maysfield Saturday with her mother, Mrs. W. H. Massingale.

Mr. and Mrs. Troy Lock of Houston are the prood parents of a baby boy on Sept. 20. Arthor Lee weighed 8 pounds and 15 ounces at birth. His maternal grandparents are Mr. and Mrs. Emory Brockenbush and Mr. and Mrs. Lock of Buckholts, Rt. 1.

Mr. and Mrs. Delbert Brockenbush of Houston spent the weekend with Mr. and Mrs. Emory Brockenbush. Mrs. Brockdenbush accompained them home to spend a few days with her daughter and husband, Mr. and Mrs. Troy Lock and to greet her first grandson.

Mr. and Mrs. Charlie Fick of Rosebud were Sunday dinner guests of Mr. and Mrs. Karl Hanke and were also visitors with his parents, Mr. and Mrs. E. C. Fick.

Mr. and Mrs. Ralph Caffey spent Sunday in Austin with Mr. and Mrs. Buster Speguil.

Mr. and Mrs. John Caffey and Mr. and Mrs. Larry Doss and boys of Austin were Sunday night visitors in the Ralph Caffey home.

Tracy

Rev. Guy Ezell, our new pastor, and family of Dallas were in our community Sunday. He delivered the morning Worship service and they were Sunday dinner guests of Mr. and Mrs. D. C. Drummond.

Mr. and Mrs. Carl Denson of Houston and Mrs. Wille Offield of Rockdale spent Saturday afternoon with friends in this community. They visited Mr. and Mrs. Jim Bartlett, Mrs. Eliza Davis and Mr. and Mrs. Les Horton.

Mr. and Mrs. George Young were recent visitors with relatives in Temple.

Mr. and Mrs. Ray Green spent Saturday afternoon with his sister Mrs. Mondy Jackson of Camenon.

Jame Guilliote SSp3 of the Navy, stationed in Norfolk, Va. is home with his pasents, Mr. and Mrs. Lee Roy Guilliote Sr. on a 20 day leave.

Mr. and Mrs. J. F. La Rose of Houston are visiting in the Guilliote home.

Mr. and Mrs. Roy Green visited Saturday with their daughter in-law, Mrs. Roy Bill Green, a patient in Hearne hospital.

Mrs. Wavy Charles and Odel spent Sunday afternoon in Rockdale with Mrs. Swanzy and Mr. and Mrs. Terry Sanders.

Mr. and Mrs. David Pope of Houston were visitors in the Otis Charles home.

Donna Lynn Lawrence of San Antonio spent last week with her grandparents Mr. and Mrs. Garlon Lawrence.

Mr. and Mrs. Elbert Fischer and children Scotty and Lisa and Allen Lawrence of Austin were visitors with Mr. and Mrs. Garlon Lawrence.

County Agents Notes

Germination Is Farm Question

By J. D. Moore
Milam County Agent

Lower germination on 1963 cotton seed could be due to "green" seed. When new crop cotton is ginned and the seed are tested immediately, the germination test will run low. It will improve after the seed have "cured" and a test is run later after the seed have had a chance to go through a more dormant stage, according to Fred Elliott, Cotton Work Specialist Texas A&M University.

Also, low germination of planting seed can result when early green cotton is stripped and stored on the trailer during the rush of ginning season under high moisture conditions. By high moisture we mean anything above 12 per cent. This 12 per cent refers to the general average of the entire cotton load. If there are green laves, green sticks, or green bolls this moisture will transfer to the cotton and to the seed while sitting on the trailer. Moisture in green bolls may run as high as 75 per cent. Therefore, a few green bolls and other trouble causing the seed to go through a heat and sweat on the trailor and cause very low germination.

It is a good idea, says Mr. Elliott to save planting seed from middle of day or afternoon stripping and from cotton with very little green bolls or other green trash.

Sharp P-T-A Elects Officers

The Sharp PTA met September 18 and elected the officers for this school year. Mrs. Bill McMurtry, president, Mrs. Jimmie McQuary, vice president, Mrs. Wayen Cryer, treasurer, Mrs Lee Munoz, secretary, Miss Katherine Spraull, recreation Chairman, Mrs. Roy Green head of social committee, and Mrs. Leroy Guillote, reporter

It was decided the PTA would not have its annual Halloween this year, in its place the PTA is going to sponsor a party for the children on Halloween afternoon.

As special projects, the PTA is going to buy the weekly readers for every child in school and have schools mimeograph machine repaired.

By Mrs. J. A. Blasienz

Mr. and Mrs. Otto Mayer visited Mr. and Mrs. Melvin Davis and daughter Kim in Waco Thursday.

Mrs. V. D. Dodd had as guests last weekend Mr. and Mrs. Tony Vrotos and children of Ft. Worth; they also visited the George Dodd and Alvin Dodd home while here.

Mr. and Mrs. Charles Burnett of Bryan spent last weekend with Mr. and Mrs. Hubert Skala and Kelvin, they were joined by Mrs. and Mrs. Bill Harrison Sunday and the group were guests of Mr. and Mrs. Howard Harrison and family.

Mrs. Jackie McCollum of Houstonwas a guest of her parents, Mr. and Mrs. George Dodd and children.

Miss Dorothy Bell, a student at Baylor University visited her grandparents, Mr. and Mrs. J. A. Blasienz over the weekend. Other visitors of Mr. Blasienz in Rosebud were Mrs. Archie Wilson ofly. Bryan, and Misses Lena, and Mary Yoe of Cameron.

Mr. and Mrs. Alfred Kohring spent the weekend in Irving with their son and daughter-in-law, Mr. and Mrs. Nelson Kohring, they also visited with Mr. and Mrs. Jerry Doskocil and daughter while there.

Mr. and Mrs. Wayne Doskocil and family of Holland were over night guests of Mr. and Mrs. Leonard Doskocil and children recently.

Winter Pastures Are A Must For Cattle Ranchers

By John E. Snell

Here's a note from Extension

Here's a note from Extenion Pasture Specialist Albert Novasad on the importance of winter temporary pastures. He says the need is critical over most of the State seriously reduced grazing and hay due to the summer drouth which production.

Winter pastures, he says, can supply grazing that you can't get any other way. They can also be used to rest summer pastures and allow them to get a good start next Spring.

Novasad suggests planting one acre of temporary pasture for each animal unit. If this isn't possible, plant what you can and ration grazing if necessary.

As to what to plant for best winter grazing, Novasad suggests that you check with your local Extension agents for information on varieties of cool season grasses and small grains that do best in your area.

NEW FORDS — The new Fords for 1964 that go on display tomorrow at Hefley-Stedman Motor Company in Cameron have a bright new look. Sixteen models will be available in 2-and 4-door sedans, hardtops and convertibles, and station wagons. The top-selling Galaxie 500 series offers three distinctive rook lines including the 4-door sedan pictured above.

Three New Roof Lines For Ford

Total performance in a completely restyled package, with three distinctive new roof lines and a roomier interior, keynote the Ford for 1964.

"All 16 models in the 1964 Ford lineup – including the uniquely styled 4-door hardtop models--are designed to combine an exterior look of greater luxury with still more of the luxury engineering features that have made the 1964 Ford our best seller," said E. F. Laux, Ford Division general marketing manager.

New Fords going on display at Hefley-Stedman Motor Company tomorrow, September 27.

Mr. Laux said the vehicle has been redesigned inside as well to reduce the front compartment tunnel size by one-third and to increase headroom and seat height over 1963 by as much as an inch.

"Fords are up in sales 23 per cent over a year ago and account for better than one out of every two cars we sell," Mr. Laux pointed out. "We believe we are proving that buyers of low - priced cars respond to the extra value we can call 'total performance'. The 1964 Ford line expresses our conviction that more car for the money – in terms of total performance – is the key to sales leadership in the hotly competitive low - priced field."

Mr. Laux said that in terms of weight the 1964 Ford "compares favoragly with cars in the medium-priced field."

"Every ounce of the added weight over our competitors is muscle," he said.

"Part of it is in deeper rocker panel sections and in redesigned floor pan for a more solid, longer-lasting body. Some of the weight is in the frame for greater ruggedness and durability. Still more is in a refined luxury car suspension to reduce road shock and noise. "Those pounds add up, we believe, to the quitest, smoothest and most stable ride ever offered in the low - priced class."

Durability and ride improvements are only part of the total performance features designed and built into the Ford for 1964, Mr. Laux pointed out. He said that as a result of regular testing and knowledge gained through competitive events, all engines have longer lasting main bearings and better oil distribution for longer engine life.

New in the Ford power lineup for 1964 is a Thunderbird Special 352 CID V-8 with 4 - barrel carburation rated at 250 horsepower and offering both good performance and good economy on regular fuel. Five engine choices, four different transmissions and five rear axel ratios in specified combinations complete a choice of performance - economy options designed to tailor a 1964 Ford to every customer's exact driving requirements and perferences.

The Cruise - O - Matic Dual Range three - speed transmission will be available for the first time in 1964 with all engines except the Thunderbird High Performance 427. This tried and proven design provides a choice of low gear start for maximum acceleration and of second gear for smoother, non - skid start - up in ice, snow or rain. The three speeds provide sparkling performance and the second gear provides a "kick-down" for passing at speeds up to 65 miles an hour compared to slightly over 50 miles an hour for two-speed automatics.

The three - speed, manual shift all synchromesh transmission introduced last year is again standard on all 1964 Fords except 500-XL models and those powered by the Thunderbird High Performance 427 CID V-8 engine.

The fully - synchronized forward gears permit smooth, effortless shifting – even into low gear when the car is moving – to make all three gears usable at appropriate car speeds as desired.

Added to the three year or 36-000 mile major lubrication interval pioneered on the Ford last year are new extended - life headlamps. Together with a new, longer-life battery, they add a more dependable lighting and electrical supply to the reduced maintenance features. The "24-24" total car warranty – for 24 months or 24,000 miles , whichever occurs first – is continued for the 1964 Ford.

Outdoors In Texas

Most hunted game bird in Texas is the mourning dove.

It also is one of the most trying of all winged targets. And that probably is the reason it ranks so high with sportsmen.

When you go dove hunting, you don't just take along one box of shells. Most hunters take two boxes and sometimes more.

A few expert shotgun artists can grass a dove with almost every shot. But let's face it – only a minute percentage of hunters are expert marksmen.

The mourning dove is a small bird. It can't take a lot of punishment and it's easy to kill. That is, if you can hit it. And hitting this bird is the real challenge in dove hunting.

To begin with, the dove flies very fast. Furthermore, its flight pattern is deceiving.

for example, most birds will tower for altitude when shot at . . . but not the mourning dove. It makes a shallow dve to pick up speed. This shallow dive confuses tyro gunners into believing they have a hit bird. Thus they don't follow up with a second shot.

The doves small size makes range estimation difficult. With field loads in a 12-gauge gun you can kill doves at 40 to 45 yards. But at thatdistance the bird looks mighty small. Some hunters pass up these shots because they think the bird is out of range.

Too many hunters wait until the bird is just 20or 25 yards out. At this distance, if they're shooting a full choke gun, they must have the bird right in the pattern. Actually, at this short range, the pattern of a full choke gun doesn't open up ough.

So, quite often they'll shoot in front of or behind the bird.

Amodified choke is best for this range. Open bore is even better. But an open bore gun is useless on long range shots.

Some hunters even wait to make their shots at 10 or 15 yards.

Unless it's a straight-in shot, they'll usually miss at this close distance because of the difficulty in swinging the gun on a target crossing at 50 or 60 miles per hour. And when they do hit on these short shots, they literally blow the birds to bits.

Doves are plentiful throughout Texas. Often you can get some choice shooting just outside the city limits.

There are several ways to hunt doves. In dry years the best hunting usually is around a pond or farm tank. Take a stand and pop the birds as they sail in for water. You don't even need a blind. Just squat down in the grass and keep still.

Good hunting is found in corn and rice fields to. Note where the birds are coming to feed and take a station accordingly.

Dove hunting can get tough in a wet year. Then the birds don't have to use ponds and farm tanks for water.

Wet-year hunting calls for jump shooting. Crisscross a field and take your shots as you jump the birds out of the grass.

It's a lot like quail shooting, except that doves will take to the air when you get within 30 or 40 yards of them. You'll have a lot of long shots. But it only adds to the sport.

Improve your hunting by using decoys. Place the decoys on fence wires or on the limbs of trees.

When picking trees for decoys, select only those with little foliage so doves can spot the decoys from a distance.

You can place decoys on the shorelines of ponds and farm tanks. But pick spots where there is little grass so that the decoys will show up.

Decoying doves differs from decoying waterfowl in that you only need a few decoys to do the trick. A half dozen is plenty if they're placed in conspicuous places.

Face the decoys in to the wind. Doves, like other birds, don't like their back feathers ruffled by the wind.

Because of the small size of the dove, some folks may think a small shotgun is needed.

Well, you can drop doves with a .410 if you're a good shot, but if you check the hunters in the field, you'll find the 12 gauge is by far the most popular weapon.

Shot size is a matter of hunter choice with the range going all the way from No. 6 to No. 9. Somers use No. 6 shot in a full choke gun for long-range shootng becau the pellets carry better.Most popular shot-sze, however, s No 74 and No. 8.

Both sizes have ample pellets to give a dense pattern, whch is the key to success in dove hunting.

You can judge the shot size to fit your need by noting the pellet count on various sizes. Now, these counts are for one ounce of shot. With No. 6 shot you'll hav 225 pellets in the load. An ounce of 74 counts 350; No. 8 counts 410, and No. 9 counts 584.

No. 6 shot is okay for long-range shooting in a full-choke gun. You can use 74 for long range if there is very little wind. Use 8 and 9 r those 30-yard shots. But if the is a stiff wind blowing, you can expect some terrible windblown patterns with the light No. 9 pellets.

It's a good idea to carry several shot sizes and use the size that best fits the occasion.

But remember this. Take along plenty of ammo. Doves are tricky targets, and you'll blow a lot of holes in the sky before getting your limit.

Storing Rainfall For Future Use Is Farming Help

Several methods for collecting and string rainfall for livestock use in areas of low precipitation have been developed by the U. S. Department of Agriculture.

The low cost techniques involve harvesting water from areas where soil has been treated to increase rainfall runoff, the Department says. The methods include ground covers to collect rainfall, soil treatments to increase rainfall runoff, and storage equipment to eliminate evaporation and seepage of the collected water.

The USDA points out that this economical way to store water for livestock will be especially valuable in the low rainfall areas of the West, where grazing land often is not fully utilized because there is no dependable water supply. Ranches in areas of 10 inches of annual precipitation may be able to collect the water at a cost of 36 cents per thousand gallons, and the cost will be about 18 cents in areas of 20 inches of rainfall.

Early research found that rubber sheeting and asphalt-coated jute fabric are highly effective for water collection and that a butyl-coated nylon bag could be used to eliminate evaporation and seepage of the water. Scientists also discovered that cationic asphalt emulsions sprayed on the soil made it impervious to water and that these same emulsions could be combined with ground covers of aluminum foil, synthetic rubber, or plastic.

The initial cost of these treatments, including site preparation, materials and installation, ranged from about 10 cents to 45 cents per square yard and annual repairs and periodic replacement should cost about three to five cents per yard, says the USDA.

Year's Gardener Will Be Selected At Dallas Fair

Presentation of the Texas Garden Club Woman of the year wll be a feature of Garden Club Day, Tuesday, Oct. 15, at the 1963 State Fair of Texas in Dallas. This year's "Exposition of Our American Heritage" is set for October 5 through 20.

The day's special events will begin at 10:30 a.m. in the Garden Center at Fair Park when James H. Stewart, executive vice president and general manager of the State Fair, announces the name of the 1963 award winner.

Immediately following the presentation Buddy Benz of Houston will give a lecture and demonstration entitled "Free Form – Interpretive Design." He will illustrate his points with actual floral arrangements. The program will be free to fairgoers.

A nationally known lecturer and designer, Benz operates a Floral School of Design in Houston and has given programs for florists' associations throughout the United States.

The Garden Club Day program is open to the public, including the luncheon following the lecture. Luncheon tickets, priced at $2. may be reserved by writing the Dallas Garden Center, State Fair Park, Dallas, Texas.

The '64s from Ford are here:
The Year of the Test Drive starts today!

Ford cars have changed. Only a test drive can tell you how much. Races and rallies, economy runs, braking and acceleration tests have bred into our 1964 models the kind of total performance you just can't create on the test track alone. They are hard-muscled, fast-moving, sure-footed. Open competition helped make them that way. They offer you substantially more car than anything at their price. You don't have to take our word for it. We're willing to rest our case on our cars.

TRY TOTAL PERFORMANCE FOR A CHANGE!

Falcon • Fairlane • Ford • Thunderbird

1964 SUPER TORQUE FORD
Strongest, smoothest, steadiest car in its field—by hundreds of pounds... More steel in frame and suspensions . . . Unique suspension system allows wheels to move backward as well as up and down to flatten bumps . . . Distinctive new rooflines.

1964 FAIRLANE
Unique combination of family-size room, sports car feel and modest price . . . Optional 289-cubic-inch V-8 so lively it was adapted for famous Cobra sports car . . . Five engine choices, six transmission choices, eight different models.

1964 FALCON
Everything's changed except the economy that made Falcon famous . . . Falcon's Six still holds all-time Mobil Economy Run record for Sixes or Eights . . . Plushest ride ever built into a compact car . . . 14 models –plus three extra-duty wagons.

Take your problems to Church this week—

millions leave them there!

A Poor Substitute

"Church services are dull, boresome and uninteresting. I derive much more good from getting close to nature, a walk through the woods, a trip to the lake or viewing the mountain." One often hears such statements from those who attend church only on special occasions, if at all.

People who make these statements simply do not know what they are missing. They do not know the deep inner satisfaction to be gained from regular church attendance. They have allowed a single experience or two possible at some ill conducted service, to wrap their opinion about all church servies.

No one will deny the joy and exhihiration of viewing nature's wonders but they no more take the place of the church service than they satisfy one's craving for good music. You are missing out if you don't attend church regularly.

Science Proves Smoking Is Bad

Anyone who ever "went out" for football or some other team sport in school remembers that the coach told him to cut out smoking.

"It cuts the wind," the coach said. Usually we believed him and avoided smoking.

Now science can prove that smoking really does "cut the wind"--that is, cause a marked decrease in breathing capacity.

The Committee on Medical Aspects of Sports of the American Medical Association and the National Federation of State High School Athletic Associations in a recent joint comment on smoking and sports point out that ability to produce maximum effort and to build endurance for sports is related to the capacity of the athlete to take in and utilize oxygen.

After reviewing reports on scientific studies of breathing capacity, the AMA Committee recommends that athletes should be strongly advised against smoking. In fact, ten inhalations of cigarette smoke have been shown to materially reduce airway conductance to the lungs. The decrease is as much as 50 per cent and lasts for as long as an hour.

One effect of smoking on breathing is to slow down the rate at which stale air can be expelled from the lungs. The heavy smoker has trouble in breathing quickly and easily under heavy exertion.

There comes a time in most team and individual sport when an absolutely maximum effort is required for a brief moment. It may be a hard sprint in football, a leap for a rebound in basketball, a fast run to try to beat a throw to first base in baseball, a quick jump to reach for a high tennis ball, a hard finish sprint in swimming.

The smoker, even though he may be a natural athlete, highly trained and skilled, may find that his capacity for that all-important finish sprint or leap is slightly less than it might have been if he laid off tobacco.

In a close finish between well matched athletes, the non - smoker has the edge.

There is no longer any room for doubt that athletes should not smoke.

Vintage Railroad Will Be Part Of Fair Exposition

An "Age of Steam" exhibit featuring vintage railroad equipment will be a star attraction for the "Exposition of Our American Heritage," the overall theme for the 1963 State Fair of Texas in Dallas Oct. 5 through 20.

The 91 - year old Southern Pacific Railroad depot, believed to be the first in Dallas, was recently purchased by the State Fair of Texas for permanent exhibit. Its removal to the fairgrounds and refurbishing will be completed in time for the fair's opening.

Santa Fe's ancient "Cyrus K. Holliday" train, named for the line's first president, will be among the vintage equipment displayed. Locomotive No. 1 powers the diminutive tender and quaint wooden coaches, all of the 1880 era.

Texas and Pacific's giant passenger steam locomotive No. 909 and steam switcher No. 7 from the Dallas Union Terminal complete the display which recalls the days when railroads played an important role in the development of the states west of the Mississippi.

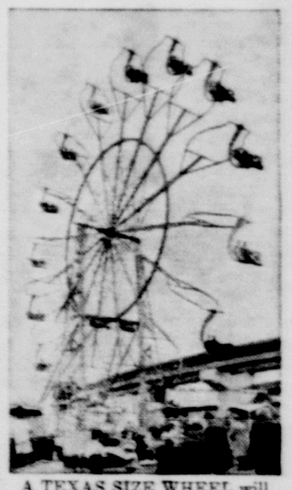
The free exhibit is located on the Fair's spur track at the east side of the fairgrounds alongside the World Exhibits Building.

Holiday Schedule At Rogers School

Rogers—The holiday schedule for Rogers Public Schools for 1963-1964 has been announced by Supt. school started—Labor Day. The faculty had begun work on the Friday before.

The next scheduled holiday period will be the traditional Thanksgiving holidays Thursday and Fri-Xhristmas holidays begin after school on Friday, December 21 and run through Wednesday, Jsanuary 1st. Classes will be resumed on will close on January 17,andthe new one will begin January 20. have a dholiday while the teachers attend District X, State Teachers Convention in Waco. March 27, Friday, and March 30, Monday will be observed as Easter holidays. School will be out May 27.

Reportable diseases in Milam County for the week ending Sept. Health Drector, T.E. Crump, M.D. ½? Strept Throat and 2 Gonorrhea.



A TEXAS SIZE WHEEL will be featured on the Million Dollar Midway at the 1963 State Fair of Texas, October 5 through 20 in Dallas. The 90-foot high ultra-modern wheel, a hit attraction at the Seattle World's Fair, was termed "the Space Age Sensation at Seattle."
